

Father And Son Found Guilty Of 5 Million Fraud

NEW YORK (AP)—The father-son brokerage team of Gerardo A. Re and Gerard Re was convicted Thursday of a stock fraud conspiracy in which, the government said, the public was bilked of \$5 million.

A jury of 10 men and two women deliberated four hours in arriving at their verdict of guilty on all counts against the Res, Charles A. Grande, Ely Batkin, and Jacob Yaffee.

U.S. Dist. Court Judge Dudley B. Bonsal set Sept. 10 for sentencing.

Defense attorneys said they would appeal.

Re, 67, and his son, 40, were charged with having rigged the market on the American Stock Exchange to facilitate the high-pressure sale of \$10-million worth of common stock of the Swan-Finch Oil Corp. from 1954 to 1957.

Grande, 68, a retired horse trainer, was charged as serving as an agent, while Batkin, 46, former head of a now defunct brokerage firm, and Yaffee, 56, former stock broker, were accused of operating illicitly as brokers.

Each of the defendants could receive a maximum of five years' imprisonment and be fined \$10,000.

The Res were expelled from the American Stock Exchange in 1961 following a long investigation by the Securities and Exchange Commission.

The trial grew out of complaints to the SEC about five years ago.

State May Lose 36,000 ARA Jobs

WASHINGTON (AP)—The Area Redevelopment Administration says 36,000 new jobs will be lost to Michigan over the next two years unless ARA gets more money.

An agency news release Thursday said the estimate was being made because "a recent article in a Detroit newspaper used the figure of 1,600 for the number of jobs which would be lost in Michigan if increased ARA funds are not authorized."

"The lower figure was arrived at through a misapprehension," the release quoted Harold Williams, ARA deputy administrator, as saying.

President Kennedy has asked Congress to authorize an additional \$450 million for ARA operations until June 30, 1965. The House rejected the request. The Senate has passed a slightly different version. This bill will be considered by the House later.

The original ARA authorization was \$375 million. The program is designed to provide financial assistance for job-creating projects.

Weather

Data by Weather Bureau, Escanaba and Associated Press

UPPER MICHIGAN: Considerable cloudiness tonight and Saturday with a few showers or thundershowers; continued warm tonight with lows 58° to 65°; turning a little cooler Saturday with highs 80° to 88°.

Outlook for Sunday: Partly cloudy and cooler.

ESCANABA AND VICINITY: Partly cloudy with chance of showers or thundershowers tonight and Saturday; low tonight around 64°; turning a little cooler away from the lakeshore Saturday with high in the low 80's. Southerly winds 14 to 24 mph tonight becoming south to southwest 14 to 26 mph Saturday. Small craft warnings in effect on Lake Michigan.

Committee Goes To Work Today On Rail Dispute

WASHINGTON (AP) — President Kennedy's fact-finding committee goes to work today on a new study of the railroad labor dispute.

Its object: To sift the facts in the four-year-old fight over new work rules and have a report ready for the President by July 20. The report will serve as the basis of legislative recommendations Kennedy plans to make to Congress July 22, a week before a truce expires for a threatened nationwide rail strike.

Thursday night, a high government source said it is a fair conclusion that the legislation would involve some form of arbitration — the expectation in government circles since the dispute began building to a head.

Members of the special panel haven't ruled out the possibility of playing a mediator's role if the opportunity arises. But the chairman, Secretary of Labor W. Wirtz, tends to the view that there is little likelihood of mediation by a panel member in the short time allotted for completion of the report.

At a 90-minute organizational meeting Thursday, Wirtz emphasized there will be no attempt at mediation by the committee as a whole. As to the possibility that he or another member will act as a mediator, Wirtz' attitude is understood to be "let's wait and see."

The railroads have agreed to postpone at least until July 29 changes in the manning of trains that will gradually eliminate some 65,000 jobs. Five operating unions representing 190,000 workers have pledged to withhold strike action until that date.

By winning this reprieve Wednesday afternoon, Kennedy forestalled a strike that had been scheduled to begin at 12:01 a.m. Thursday.

Wirtz is pictured as having a firm conviction that between July 22 and 29 it is possible to get legislation dealing with the situation through what is regarded as a reluctant Congress.

Fiscal Situation Talks Fruitful At Mackinac Island

LANSING (AP) — The first in a series of conferences on fiscal reform between Gov. George Romney and Republican legislators has resulted in general agreement the meetings will help clear the air of misunderstandings.

"We made no effort to arrive at a consensus," Romney told newsmen Thursday after returning from the first conference at Mackinac Island. "But I found the meetings to be fruitful and useful."

The governor is meeting with GOP lawmakers in five groups of 15 to 20 each to discuss possible tax alternatives — including a statewide income tax — to be considered in this Fall's special session. The two-day conferences will continue off and on until Aug. 9.

A sampling by The Associated Press of senators who attended the first meeting showed that, while all apparently felt the talks served a useful purpose, there was no great rush to jump on any tax reform bandwagon.

"I saw a sentiment at the meeting for withholding judgment on new tax levies until we get a true picture of the Michigan financial situation," said Sen. Haskell Nichols, R-Jackson.

"There seems to be a brighter outlook for the Michigan economy, and there is a possibility of a cutback in the federal income tax," he declared. "I urged one thing — a forgiveness of taxes through a Homestead Act for oldsters."

A newcomer to the legislature, Sen. William Leppien, R-Saginaw, agreed that the conference was "very productive." He said he planned to continue to talk to as many people as possible about fiscal reform and taxes between now and the special session after Labor Day.

Among specifics discussed at the meeting were relief from business activity taxes, homestead exemptions and tax relief for the aged, Leppien said.

Montague Girls Riding Bicycles Killed By Auto

MONTAGUE (AP) — Two Montague girls, riding bicycles near their homes, were struck from behind by a car and killed Thursday night.

The victims were Lorraine Scott, 13, and Marjorie Gay Hermonson, 15.

Muskegon County Sheriff's officers charged the driver, John Schmiedeknecht, 41, of Montague, with negligent homicide.

Deputies said Schmiedeknecht was driving a car without lights just north of Montague. His car crossed the centerline and hit the girls from behind, officers said.

Ecuador Ousts President As Drunk, Red Sympathizer

Troopers Kill 2 In West Virginia Feud Gun Battle

CHARLESTON, W. Va. (AP)—A long, bitter feud between two mountain families in West Virginia exploded into a gun battle Thursday when police attempted to serve a warrant at the home of Ernest Moore, near here.

When the gunsmoke cleared, Moore, 67, and his son, Andrew, 23, were dead. The elder Moore's wife, Garnet, 57, suffered a head cut and was charged with resisting an officer.

Three State Troopers, who approached the house with two Manawha County sheriff's deputies Thursday afternoon, recounted this story:

The Moores had been feuding for years with the O.F. Miles family, owners of adjacent mountain property. Miles had sworn out a warrant against the Moores last week, but the Moores chased away officers four times as they attempted to serve the document.

Thursday Charles Walker, Kanawha County prosecutor, issued a warrant for the arrest of the Moores. Deputies Willie Gibbs and Lawrence Carpenter joined State Troopers D. A. Nickerson, C. N. Cooke and J. O. Blevins in another attempt to get the warrant served.

Gibbs knocked on the door of the Moore cabin and was told by Mrs. Moore, "You'll be shot if you don't get out of here."

Seconds later, a shotgun blast ripped through the screen door. Gibbs' face felt the breeze.

The gunshot was the signal for Cooke and Blevins to storm through the back door. They opened fire on Moore and his son as they burst in.

Moore was hit three times and his son was shot twice. None of the officers was hit. Funeral attendants said the officers' shots were fired at such close range that five glass panes through the bodies of Moore and his son.

Miles complained to police that the Moores had been using his private road. He also said he suspected the feud had been responsible for the burning of his barn and the snipping of his fences in recent days.

Dummy Rockets Kill 2, Injure 14 At Florida Base

FORT WALTON BEACH, Fla. (AP) — An Air Force jet fired a brace of dummy rockets at a crowded control bunker Thursday and one of them zipped through a narrow observation slot, killing two men and injuring the 14 others inside.

The 4-foot-long rocket splattered against the back of the narrow trench, tossing about heavy planks, sand bags and electronic equipment. The shell did not contain explosives.

The fighter jet, an F100 from Cannon Air Force Base, N.M., already had made one pass, shooting at trucks, tanks and other targets during a competitive strafing drill at Eglin Air Force Base, said A.H. Gautier, 47, a civil service planning officer watching the drill from the bunker as a guest. He escaped serious injury.

A newcomer to the legislature, Sen. William Leppien, R-Saginaw, agreed that the conference was "very productive." He said he planned to continue to talk to as many people as possible about fiscal reform and taxes between now and the special session after Labor Day.

Among specifics discussed at the meeting were relief from business activity taxes, homestead exemptions and tax relief for the aged, Leppien said.

Top Russian Spy Defects To West

LONDON (AP)—Defection of a top Russian spy to the West raised speculation today that his flight might force the Soviet Union to revamp its intelligence apparatus.

The British government said the defector, a senior Soviet intelligence officer, was turned over to Britain after weeks of interrogation by the U.S. Central Intelligence Agency in Washington.

The British said he was as important as any defector on either side since World War II.

His identity was kept secret. Officials said he is being held at a secret headquarters in Britain for fear the Russians might try to kidnap or kill him.

"His life is in positive danger," one official said.

An informed source said the Russian contacted an American embassy in an Allied capital after

Father Of Four Admits Murder In First Degree

ROCHESTER, N.Y. (AP) — A 29-year-old father of four pleaded guilty Thursday to the rape-slaying of 14-year-old Pamela Moss and became the first person in New York history to plead guilty to first degree murder.

James R. Moore was immediately sentenced to life imprisonment. The sentence was mandatory under a new state law permitting guilty pleas to first degree murder.

James R. Moore was immediately sentenced to life imprisonment. The sentence was mandatory under a new state law permitting guilty pleas to first degree murder.

Scores Drowned In Plate River Boat Disaster

BUENOS AIRES, Argentina (AP) — A score of small boats combed the Plate River estuary through thick fog today for 20 persons missing after the fiery sinking of a river steamer carrying more than 400 persons. Forty bodies had been recovered.

Rescue vessels plucked 355 panic-stricken survivors from overcrowded lifeboats and the wintry waters of the wide river mouth 50 miles from the Atlantic.

The 2,300-ton Ciudad de Asuncion, commanded by a substitute captain and normally used only in inland service, sank in darkness and fog Thursday. It was on the 150-mile overnight run from Montevideo, Uruguay, to Buenos Aires.

An unconfirmed report said three Americans were aboard. Neither their identity nor their fate was known.

Some survivors said the 33-year-old steamer apparently went off course in a 36-foot-deep channel and struck a sunken ship.

An electrical short circuit apparently touched off an explosion and the lights went out.

Kimberly-Clark Strike Averted

NEENAH, Wis. (AP) — A federal mediator said Thursday night an agreement had been reached averting a strike at Kimberly-Clark Corp. by two unions.

The strike deadline passed at 6 p.m., but conferences continued and workers remained on their jobs.

James Despins of the Federal Mediation and Conciliation Service announced at 11:45 p.m.:

"Kimberly-Clark officers and union representatives have jointly announced that negotiations have been concluded. Union members will hold their meetings early next week to vote on the company offer. The status quo remains in effect until that time."

The unions are the International Brotherhood of Pulp, Sulphite and Paper Mill Workers and the United Paper Makers and Paper Workers.

Strikes had been threatened only at the Lakeview and Badger Globe plants in Neenah. Employees at Munising, Mich., had authorized a strike vote. Plants also affected by the bargaining are at Memphis and Coosa River, Ala.

Top Russian Spy Defects To West

LONDON (AP)—Defection of a top Russian spy to the West raised speculation today that his flight might force the Soviet Union to revamp its intelligence apparatus.

The British government said the defector, a senior Soviet intelligence officer, was turned over to Britain after weeks of interrogation by the U.S. Central Intelligence Agency in Washington.

The British said he was as important as any defector on either side since World War II.

His identity was kept secret. Officials said he is being held at a secret headquarters in Britain for fear the Russians might try to kidnap or kill him.

"His life is in positive danger," one official said.

An informed source said the Russian contacted an American embassy in an Allied capital after

Military Junta Takes Over Rule Behind Tanks

QUITO, Ecuador (AP)—A military junta ruled Ecuador today after exiling President Carlos Arosemena. The junta said he "was frequently drunk, spotted the national honor and sympathized with communism."

A Quito radio report heard in Colombia said five persons were killed and three wounded when army tank fired on a crowd stoning members of the junta as they entered the government palace to take office.

A military spokesman said Arosemena, a known tippler, disgraced himself by getting drunk at a banquet Wednesday night in honor of the president of the Grace Lines, retired U.S. Adm. Wilfred McNeil.

Palace Surrounded

Guests at the reception said the president shouted abuse at U.S. Ambassador Maurice Bernbaum, vomited in front of the gathering and committed "even more indecorous acts."

Thursday morning the chiefs of the three armed branches met with the commander of the Quito garrison and decided to depose Arosemena. Eight tanks and truckloads of soldiers surrounded the presidential palace about 2 p.m.

Arosemena refused to resign and named his brother Gustavo as defense minister in an effort to rally the armed forces against the uprising. Friends of the 44-year-old president who were in the besieged palace said he was still drunk.

The situation remained in doubt for several hours until provincial commanders began to send messages of support for the rebel chiefs.

In the Pacific Ocean port of Guayaquil, 170 miles southwest of Quito, there were a few attempts to organize street demonstrations in favor of Arosemena, but all were broken up. Some machine-gun volleys were fired into the air.

Exiled To Panama

A military spokesman said Arosemena resigned after receiving guarantees for his personal safety and that of his family.

The junta said elections would be held as soon as possible and that it had received messages of support from all political parties and all units of the armed forces.

The military sent Arosemena to Panama aboard an Ecuadorian Air Force plane. He said on his arrival in Panama "I have not resigned," and went to a hotel without further comment. Ecuadorian army officers accompanying him said he would inform Panamanian authorities whether he planned to stay on push onward.

There were various reports on the makeup of the junta. One broadcast said Col. Andres Arrata Macias was at the head with three other colonels as members.

Another broadcast identified the service chiefs—Army Col. Luis Cabrera Sevilla, Navy Capt. Ramon Fasto Jijon and Air Force Col. Guillermo Freile Posso — as leaders of the revolt.

Beer Case Tossed At Ambulance; 8 Youths Jailed

MUSKEGON (AP)—Eight Muskegon County youths—accused of throwing a beer case in front of a speeding ambulance carrying six seriously injured persons — were in jail today on a littering conviction.

The youths, ranging in age from 17 to 22, received five-day jail sentences Thursday from Eggleston Township Justice Fred Conroy. Conroy said 10 days would be added if the youths failed to pay \$75 fines.

The ambulance was rushing to Grand Rapids Sunday night with victims from a two-car intersection collision which killed a 2-year-old child, Muskegon County Sheriff's Deputy Dale Elliott was riding in the ambulance.

Elliott said when the ambulance came up behind a car carrying nine youths, someone in the car threw a beer carton on the pavement in front of the ambulance. He said quick maneuvering was required to prevent an accident.

Elliott said he recognized the driver of the car and arrested him after the ambulance had completed its run.

Pipeline Planned To Bring Natural Gas To Peninsula

WASHINGTON (AP)—Northern Natural Gas Co., Omaha, is considering construction of a \$30 million pipeline to serve the Upper Peninsula of Michigan, Rep. John Bennett, R-Mich., said today.

Bennett, who conferred with company officials concerning plans for the project, said it would bring gas to industrial users along a 400-mile route from Duluth, Minn., to Marquette and Escanaba, Mich.

Bennett said the firm has not finally decided on the project which would require approval by the Federal Power Commission. Herbert Sampson, an official of Northern Natural, told Bennett the firm has spent several thousand dollars for surveys to determine whether the project would be economically feasible.

Results so far have been satisfactory, Bennett said, and Sampson appeared hopeful an application could be filed with the FPC Commission late this year.

The proposed line would run from Duluth across northern Wisconsin through Douglas, Bayfield, Ashland and Iron counties and enter Michigan at Ironwood in Gogebic County.

Within Michigan, the line would run through Gogebic, Ontonagon, Houghton, Baraga, Iron, Dickinson, Menominee and Delta counties.

Factor Is Crucial

Northern Natural officials met in Escanaba in February with

members of the Upper Peninsula Committee on Natural Gas and said feasibility of natural gas pipeline to serve the U. P. would be studied by the utility.

In a meeting at Marquette June 11 Northern Natural officials said service of natural gas to the central U. P. seemed within the realm of possibility. Sampson told the meeting that Northern Natural's policy board had reviewed the project and ordered its officers to proceed with it. Contacting of industrial customers along the proposed 400 mile pipeline from Duluth, Minn., to the Escanaba-Gladstone area was to follow "to see if our prices are in the ball park," as Sampson phrased it. "If we can't meet the prices of industry here, we'll be the first to go home," he said.

Final decision of the utility rests largely on the decision of the Federal Power Commission on a proposal of Northern Natural for a "town program" formula of gas rate pricing, the Marquette meet was told. At issue is whether a community to be served makes a contribution to the cost of the pipeline. Sampson said the U. P. project rested on the FPC decision because the project is based on a liberal town program formula.

Mining Aid Vital

The effort to obtain natural gas for the Upper Peninsula has covered more than a decade. The FPC gave Michigan Gas & Electric Co.,

Three Pittsburgh Boys Missing, Not Found Inside Mine

PITTSBURGH (AP) — Federal mine officials called a temporary halt to a search for three missing boys today after weary rescue workers emerged from an abandoned coal mine and reported they found no proof the boys were inside.

"According to what we can gather, they (the rescue workers) seem to be of the opinion that the boys are not in there," said Police Chief Andrew Orr of nearby Castle Shannon.

T.J. McDonald, assistant district supervisor for the U.S. Bureau of Mines, ordered the mine hunt suspension.

McDonald said authorities need-

ed time to check the possibility the teen-agers were above ground. In addition, he said, mine searchers needed a brief rest.

The missing boys are: Bobby Abbott, 14, of Pittsburgh's Mount Washington section, and Danny O'Kain, 13, and Billy Berk, 13, of suburban Baldwin Twp.

Their bicycles were found near the mine entrance Thursday, and a firecracker was discovered about 50 feet inside the shaft.

Robert Abbott, the father of Bobby Abbott, said he is sure his son was at least part way into the tunnel.

"They were in there all right," Abbott said. "They found the bikes and a firecracker that belonged to my son. The question is: Did they come back out?"

Authorities are hoping the boys only explored a short way into the mine in a spirit of adventure, then came out.

McDonald said if the boys do not turn up above ground the mine search will be continued.

Former Husband And Ex-Wife Killed In Dearborn Camp

DEARBORN (AP)—A man and his remarried former wife were found by their teen-age daughter shot to death in a Dearborn Heights trailer camp Thursday.

Police said Robert Ursum, 36, of Inkster, apparently had killed ex-wife, Mrs. Geraldine Sesko, 31, of Wayne, and then taken his own life with a .22 calibre rifle.

The bodies were found in a park-like trailer by Joyce Ursum, 13, who lives with grandparents in Inkster.

Earlier in the day Ursum had met with Mrs. Sesko and her second husband, Henry, 37, and the two left Sesko later, police said. The Ursums were divorced in 1962.

New Recruiting Drive Planned By State Police

EAST LANSING (AP) — State police have announced a new recruiting drive to bring the trooper force up to full strength.

Gov. George Romney gave the go-ahead to State Police Commissioner Joseph Childs for the recruitment as a result of the motorist slaughter on the highways, now running more than 100 ahead of the fatalities at this time last year.

State police currently are 69 men short of the authorized strength of 1,139 officers and men.

A school for some 25 or 30 trooper applicants will open July 26 with a class for the remaining needed manpower to be held later this summer or early fall.

Rich Men Hunted

MEMPHIS, Tenn. (AP)—A letter sent by a Memphis miss to the Commercial Appeal:

"Would you please send me a list of the world's 50 richest single men over 50 and under 50. I would appreciate it if you could find out their addresses if possible. Please send it as soon as possible."

School Board Is Asked To Survey Special Aid Need

The Delta County Board of Education announces a public meeting at 8 p. m. Tuesday, July 16 in the State Office Building to discuss a study of Delta County needs for a program of special education for children.

Such programs cover aid to children who are hard of hearing, deaf, blind, partially seeing, mentally handicapped, physically handicapped emotionally disturbed, homebound, or with speech problems.

Dr. Mary Blair of the State Department of Public Instruction, Lansing, consultant in special education, will explain what is possible under Michigan law in the special education field. Forty-four of the 83 Michigan counties

now have special education programs, and some of them are less populous than Delta County.

At the present time there is only one special education program in Delta County, the one in the Escanaba Area School District. It offers orthopedic aid to the physically handicapped, and special instruction for the hard of hearing and educable mentally retarded.

A 1955 law authorized county boards of education to ask the people for organization of special education districts. If authorized they are created by the county board of education under the supervision of the State Department of Public Instruction. The authority for this type of special instruction has been broadened by the new Michigan Intermediate School District Act effective Mar., 1963.

The special instruction is financed by a millage vote. It varies from a half mill to a mill where there are such programs.

Parents of handicapped children are interested in the program and will be represented at the meeting. They asked Hagle Quarnstrom, county superintendent of schools, for the public meeting and he referred it to the county board of education, which arranged the meeting. Mrs. Rene Labre, 801 Lake Shore Drive, is head of the parents group.

Antlerless Deer Kill Protested

HOUGHTON (AP)—The taking of antlerless deer was protested Thursday at a Conservation Commission meeting here.

A statement against shooting does and fawns was presented by Earl Clark of Houghton, president of the Northern Michigan Sportsmen's Association.

Others present at the hearing voiced individual pros and cons on antlerless deer. The commission said it would decide the matter for this season at its August meeting.

The commission also heard requests for:

—"Fly-only" fishing regulations on the Salmon Trout River in Marquette County to protect trout during the spawning season.

—An earlier opening date on the duck season in the Upper Peninsula.

—Diverting the Sturgeon River from its course through Otter Lake to prevent silting in the lake.

No action was taken on any of the three requests.

Gabel To Edit Sunday Visitor

MARQUETTE—Charles Gabel has been named editor of the Northern Michigan edition of Our Sunday Visitor, weekly publication of the Catholic Diocese of Marquette, effective July 15.

The appointment of a lay editor, said Bishop Thomas L. Nona, is in keeping with the "aggiornamento" (updating) suggested by the late Pope John XXIII. Gabel succeeds the founding editor, Magr. David P. Spelgatti, pastor of St. John the Evangelist Church, Ishpeming. The monsignor remains as managing editor. The diocesan weekly was launched in 1946.

Gabel, 36, has been a member of the staff of the Marquette Mining Journal in Ishpeming and Marquette for more than 9 years as a reporter, wire editor and sports editor. A 1949 graduate of Michigan State University, he worked for the Huron County Tribune at Bad Axe and the Battle Creek Enquirer & News before joining the Mining Journal.

Farley Is Named Area Chairman Of United Fund

John J. Farley, district commercial manager of the Michigan Bell Telephone Co., Marquette, was appointed area committee chairman of the MUF. Appointed to serve as assistant chairman was Ralph Huhtala, public relations director of Lake Shore, Inc., Kingsford.

The announcement was made today in Lansing by Frederick R. Elliott of Flint, president of the Michigan United Fund.

The area committee represents the Michigan United Fund in contacts with local united funds and assists local united funds in campaigns and in interpreting the Michigan United Fund and its agencies.

Farley succeeds W. H. Treloar, general manager of the Mining Journal in Marquette as chairman of this area committee. Farley is a member of the Michigan United Fund executive committee, and prior to moving to Marquette last year, was an active member of the Menominee United Fund and served as corporate gifts chairman for many years.

Huhtala is also a member of the Michigan United Fund executive committee and is a member of the board of directors of the Dickinson County Community Chest and is a past drive chairman in Iron Mountain.

Appointed to serve with Farley and Huhtala on the committee are James P. Trosvig, paymaster of the Cleveland Cliffs Iron Co., Ishpeming. Trosvig is a member of the Michigan United fund admissions and budget committee, and has served as a panel chairman at the annual budget deliberations in Lansing.

Kathleen McLaughlin of Ishpeming, chosen to represent Michigan in the Miss America pageant, was greeted at Newberry on her return to the Upper Peninsula. The Newberry Jaycees sponsored the welcome for her there, which included presentation of corsages and a lapel watch. A royal welcome is scheduled for her in Ishpeming.

Five Sentenced By Judge Baldwin

MANISTIQUE — Five persons were sentenced by Judge George Baldwin in Circuit Court here Thursday afternoon.

James D. Weightman, 19, and William J. Bourgeois, 21, of Toronto, Ont., were given prison terms of 1 to 15 years at Marquette on a charge of breaking and entering the Lauerman Store May 16. About \$500 worth of clothing and a small amount of cash were taken.

Judge Baldwin left decision whether the men would be deported and when to the Marquette prison officials.

For breaking and entering the Hiawatha School Mar. 8, Judge Baldwin imposed two year probation terms on Edward LaRose, 21, and Walter C. Hider, 21, both of Route 1. They have one year in

which to make restitution of \$21 each to the Hiawatha School Board, \$107 to an insurance company and to pay \$50 court costs each. They also must serve 60 day jail terms. A small amount of money was taken from teachers' desks but a large amount of property damage was caused in the school.

Erwin Dale Lambert, 23, of Manistique, was put on probation for two years and ordered to pay court costs of \$100 on an indecent liberties charge involving a 15-year-old girl. He also is to serve 60 days in the county jail with credit for the time he has spent there.

Judge Baldwin recommended that Lambert be put in a rehabilitation program for job training.

Judge Baldwin restored a driver license on a temporary basis for work use only to William Norman Wood of Manistique.

Two divorce cases were heard in chambers and a pretrial hearing was held in the suit of Mrs. Hazel Helmer against six taverns which she alleges served intoxicating beverages to her husband, who was killed in an automobile accident. Preliminary information indicated that thus far only one of the taverns will contest the charge.

The court set hearing on the suit of Milton B. Lowery vs. D. James Schubring and Betty J. Lowery to determine the value of property involved in a divorce proceeding for Munising on July 22.

Report Address

Social security beneficiaries who have recently moved or plan to move shortly should notify the social security office promptly of their new address. A change in address that is not reported can temporarily stop payments.

Fishing Changes Hearing Planned

The Conservation Department announces a public meeting on changes in the commercial fishing regulations at the State Office Building in Escanaba at 10 a. m., Tuesday, July 16.

It is proposed to close the season on suckers and to remove the minimum legal size of suckers.

After this hearing opportunity will be provided for expression on other changes proposed in the commercial fishing regulations by the Michigan Fish Producers Association.

The proposals would remove the closed season on perch, change the closed season on whitefish in Lakes Huron and Michigan from Oct. 15-Dec. 10 to Nov. 4-Dec. 5, removing restrictions on commercial fishing in the Grand Marais, Grand Traverse Bay and Potanungniss Bay areas, remove the closed season on northern pike in Saginaw Bay, open Portage Entry and connecting water to use of gill nets under permit for taking smelt, limit commercial fishing licenses to 1,000 or the number issued in 1963, allow 3 inch mesh nets in Keweenaw Bay in waters up to 125 feet deep, extend the maximum depth in which trap nets can be used from 80 to 139 feet.

The Conservation Department held a hearing at St. Ignace July 2 on use of trawls in Green Bay and in Lake Michigan north of Ludington at which commercial fishermen opposed the proposal. They feared it would injure winter smelt fishing.

City Fireman And Library Janitor To Be Employed

The resignation of a member of the Escanaba fire department and of the janitor at Carnegie Public Library will leave openings to be filled through civil service, said Milton Embs, Escanaba personnel assistant.

Phil Robinson, who has been with the fire department for six months, resigned as of July 8. Leo Potvin started as Library janitor on April 25 and recently resigned.

Science Course

HOUGHTON — Forty - two teachers from 19 states, the Philippines and Syria are spending eight weeks at Michigan Tech this summer acquiring a better background for teaching earth sciences.

The teachers are enrolled in a Summer Institute in Earth Sciences sponsored by the National Science Foundation. Dr. D. O. Wyble, professor of physics, is directing the program under a \$50,700 NSF grant.

Gwinn To Build Sewage Plant; End River Pollution

Delta County Sportsmen's Club, which urged a sanitation cleanup of the upper Escanaba River in a resolution to the Michigan United Conservation Clubs convention this year, has been informed that Gwinn will put in a sewage treatment plant.

Joseph Bal, of the Michigan Water Resources Commission, told the Sportsmen's Club Thursday night that Gwinn's sanitation problem was a public health problem there more than a water pollution concern downstream and that the community had committed itself to treat its sewage. The sewage goes into the Escanaba River now. After treatment facilities are constructed only the effluent will be discharged into the river.

The community fishes and swims in the stream.

On June 21, the MUCC convention acted favorably on the Escanaba Sportsmen Club's resolution asking Gwinn sewage treatment. On June 28 the Forsyth Township Board signed an agreement with the State Health Department to have plans for sewage treatment ready by April 1, 1964, to start treatment plant construction by April 1, 1965 and to have the plant operating by April 1, 1966.

The sewage discharge into the stream caused an oxygen demand on the stream in periods of low water, and the long term effects of the discharge have been described as harmful to the stream, but there are some benefits like fertilization of aquatic plants in the stream. Long time effect of detergent residues in the stream are a sportsmen's concern.

The Gwinn sanitation problem has been increased by the great influx of population into the area with the build-up of nearby K. I. Sawyer Air Force Base.

The club collected \$21 to give to the goose replacement fund

which the MUCC is raising to replace the Canada geese planted in an Upper Peninsula area and slain by a trapper. The planting was made in an effort to establish a flock of the wild birds which would return from migrations to its U. P. breeding ground each spring, thus creating a fall shooting potential.

Harold Meiers is chairman of the committee planning the annual open house and field day at the clubhouse July 28. A barbecue dinner, shooting events and entertainment for the whole family are planned.

Rev. Benson's Son Is Granted Degree

Stanley G. Benson, son of Rev. and Mrs. Casper Benson, Brady, Nebraska, was recently graduated from North Park College, Chicago with a degree of Bachelor of Arts.

North Park College and Theological Seminary is sponsored by the 531 churches of the Evangelical Covenant Church of America.

Rev. Benson is a former pastor of the Evangelical Covenant Church of Escanaba.

Hosting Program Will Be Pressed

Escanaba Chamber of Commerce directors meeting Thursday under President Jack Berg were told by Manager Walter Lewke that the Certified Host Program will be stepped up.

The Retail division of the Chamber will stage a Sidewalk Day sales promotion on Wednesday, July 24.

The National Pipe Line Co., Tim & Sally's Restaurant and the Granada were welcomed to membership in the Chamber.

Children Learn Rules Of Road At Safetyville

FLINT (AP) - A tiny village near Flint has been added to the map. It is called Safetyville - a place where children 5 to 10 will be taught the rules of the road behind the wheels of miniature battery operated cars.

The village was opened in Kearsley Park. It is designed to teach good walking and driving habits to the younger set. Safetyville was established on the theory that rules learned young are often learned best.

It is an asphalt-paved area with painted streets and sidewalks, traffic lights, stop signs, small buildings, bridges and other ordinary traffic "situations" in miniature.

Children take a course in traffic safety and driving rules before they are permitted to drive the miniature cars through the course. The project was made possible by a \$25,000 grant by the Industrial Mutual Association of Flint.

Caravanners Give \$300 To School

The Wally Byam Caravan moved out of the U. P. State Fair grounds today, its nearly 360 travel trailers headed for Sault Ste. Marie and eastern Canada after a stop here since Sunday.

One of the final actions of the caravanners before the concert played by the Escanaba Municipal Band at the Fair grounds last evening was presentation of a \$300 check to Albert Valind, president of the Delta County Chapter, Michigan Association for Retarded Children. The money is for the group's fund to build a school for retarded children as a Project Pride endeavor.

Ed Brodel of the caravan made the selection of a charity. George Dey, caravan leader, explained that it makes a gift to charity in each community which it stops and is not charged a parking fee.

The caravan, which brought 1,000 persons to Escanaba for the week, filled the barbershops and overflowed the beauty parlors. The Escanaba Chamber of Commerce planned the caravan program here and last evening Chamber Manager Walter Lewke gave "Wonderful Escanaba: 1863-1963" yardsticks to the caravanners.

Chamber directors meeting Thursday reviewed the caravan program and approved plans to invite the Byam caravan of 1965 to rendezvous in Escanaba. This year's rendezvous in Bemidji, Minn., and came here from there enroute to St. John, New Brunswick. Next year it will rendezvous in New York City.

The caravan members enjoyed a week of sightseeing and activities here including tours of the Mead and Harnischfeger plants, the Frank Wawirka and Bender mink ranches, an agricultural tour led by Joseph L. Heirman, a geological tour led by Arthur Slaughter, and a tour of K. I. Sawyer Air Force Base led by Lewke.

Briefly Told

Lodge 400, Iron Ore Handlers, recently contributed \$100 to the fund for the Retarded Children's School.

Escanaba police issued a traffic court summons to Frank Paulin, Michigan Hotel, Escanaba, for allowing an unlicensed driver to operate a motor vehicle.

Bound volumes of "The Escanaba" may be picked up in the general office of Escanaba Area Senior High School daily, except Saturday, from 8 to 12 a. m. and 1 to 4 p. m.

The meeting of the Planning Commission with the Delta County Building Authority scheduled to have been held Thursday was cancelled because of failure to assemble a quorum for either group. The meeting will be rescheduled.

At a regular meeting of the Brotherhood of Railway Carmen, Local 613, held at the Eagles Club Rooms, the lodge honored three retiring carmen with gifts, presented by Carlton Johnson, president. They were Frank Beaudry, John Oseen and Antoine Roberts. William Ettenhofer was program chairman.

The Promenaders Square Dance Club will have a record and tape session at the Bark River Elementary School Saturday at 8:30 p. m. Dancers of the area are invited and spectators will be welcome. Those interested in starting a September class can give their names to the instructor on Saturday night.

We Will CLOSE

Death Claims Mrs. LaVigne

Mrs. Alphonsine LaVigne, long time resident of Schaffer, died at 5:30 p. m. Thursday at St. Francis Hospital where she was admitted three days before. She had been ill for three months and was 79 years old.

Born in Calumet on July 17, 1883, she married Delphis LaVigne, who died in 1955. The family moved to Schaffer in 1916. She was a member of Sacred Heart Church and of St. Anne Society.

Surviving are four daughters, Mrs. Albert (Mary) Picard of Menominee, Miss Amanda LaVigne of Escanaba, Mrs. William (Rose) Savage of Schaffer, Mrs. Joseph (Bertha) Valors of Chicago; four sons, Arthur of Birch Run, Mich.; Albert of Chesaning, Mich.; Alfred of Schaffer; and Edward of Gainesville, Fla.; 31 grandchildren and 46 great-grandchildren.

Also surviving are two brothers, Joseph Cloutier of Detroit and Charles Cloutier of Lake Linden; and two sisters, Mrs. Thomas LaRose and Mrs. Robert Dwyer of Flint.

The body is at the Boyle Funeral Home at Bark River where friends may call beginning at 2 p. m. Sunday and the liturgical prayers will be recited at 8 p. m. Sunday.

Funeral services will be held at 9:30 a. m. Monday in Sacred Heart Church at Schaffer with the Rev. J. N. Arnett officiating at the Requiem High Mass. Burial will be in Holy Cross Cemetery at Escanaba.

Officers Chosen By Auto Makers

DETROIT (AP) — The Automobile Manufacturers Association, at its annual membership meeting Thursday, elected John F. Gordon as president of the organization.

Gordon, who is president of General Motors Corp., succeeds Henry Ford II, Ford, who is board chairman of Ford Motor Co., continues as a member of the AMA board of directors.

Other officers elected were Roy Abernethy, president of American Motors Corp., vice president; J. N. Bauman, president of the White Motor Co., vice president; Ralph M. Buzard, executive vice president of International Harvester Co., secretary, and Sherwood H. Egbert, president of Studebaker Corp., treasurer.

Arjay R. Miller, president of Ford Motor Co., was elected to the board of directors.

The association, which was founded in 1913, is made up of manufacturers of passenger and commercial motor vehicles in the United States.

Iron Ore Haul Increase Seen

Lake Carriers' Bulletin

Instead of dying, the movement of iron ore over the Great Lakes, upbound and downbound, will continue in over-increasing amounts for generations to come, predicted Hugo E. Johnson, president of the American Iron Ore Association, before the joint conference of the Lake Carriers' Association and the Dominion Marine Association in Montebello, Quebec.

Johnson emphasized the international aspect of the ore industry. He quoted the description of it by C. F. Beukema, president of U. S. Steel Corp.'s Oliver Iron Ore Mining Division, as "an industry which is operating on an international basis, producing iron ore metallics of the highest quality at the lowest possible price to meet the demand of iron ore buyers at home and abroad."

A report in 1943 to the War Production Board by Dr. E. W. Davis, "father of taconite," that high-grade reserves in Minnesota would be exhausted by 1954 had a profound effect on the industry, Johnson said. It precipitated two important actions: research programs to utilize the low-grade, readily available iron ores, and the dispatching of geologists and mining engineers over the world to look for deposits of "what were referred to at that time as high-grade iron ores."

"The success of these research studies is well known to all of us," Johnson said. "We have already seen one billion dollars expended in putting the results of these investigations into operating mines and beneficiating plants. This has resulted in making a previously useless iron-bearing material into a premium-grade blast furnace feed material."

"The success of the exploration efforts is also well known. Today, we have known deposits of iron ore in over 60 countries, and are mining iron ore commercially in over 40 countries with new properties coming into production each year."

"As a result of these efforts, we will have 17 million tons of high-grade concentrates with over 62 per cent iron from Minnesota alone. Similar operations will be employed in Michigan to produce about 9 million tons of concentrates; 3 million tons will be coming from Missouri, from a property not previously known; another 1 million tons from Wyoming, and we will have about 19 million tons from Labrador in the very near future."

"From these new operations we can expect 60 million gross tons of iron ore and iron ore concentrates with an iron content upward of 60 per cent and a silicon content below 5 per cent in most cases — all of this as a result of investments totaling over one billion dollars."

NOTICE TO BIDDERS

The Escanaba Area Board of Education will receive bids on approximately 35,000 to 40,000 gallons of gasoline, to be delivered via truck transport (upon request), F.O.B. Escanaba, Michigan.

Sealed Bids will be received by the Board of Education on or before 8:00 P.M. (E.S.T.) July 23, 1963, in the Business Office of the Schools, 1219 North 19th Street, Escanaba, Michigan. The bids will be publicly opened and read at the regular meeting of the Board of Education to be held at said time and place.

Bidders' Proposals can be obtained from the Business Office in the Administration Building. A certified statement of Octane reading must be enclosed with Bidder's proposal, and no bid will be considered unless Bidder's Proposal form furnished by the Board of Education is completely filled out.

Envelope containing bid to be plainly marked Gasoline Bid, to be opened at 8:00 P.M., July 23, 1963.

The Board of Education reserves the right to reject any or all bids and to waive any irregularities in the bidding.

Coast Guard Aids Yacht In Trouble

The Escanaba light Coast Guard station cruiser rescued the motor cruiser Winchester I at noon today when its motor failed and brought the craft to the Escanaba marina.

The Winchester I under its skipper owner Harold J. Winchester, 600 S. 18th St., was enroute from Fayette to the Escanaba marina when its motor quit a half mile off the marina. Winchester and his companion anchored and signaled for aid. Chief Daniel Ferguson and FN Edward Thelen of the light station left at 11:32 a.m. and brought the cruiser in at 12:05.

In Service

Joseph Anthony Greenleaf has enlisted in the U.S. Coast Guard. The son of Mr. and Mrs. J. A. Greenleaf Sr., 616 S. 8th St., is at the Coast Guard Receiving Center, Cape May, N.J., for basic training.

There are 4,014,489.60 square inches in a square mile.

Mechanical Heart Saves Man Who 'Died' Five Times

KNOXVILLE, Tenn. (AP) — Norman Howard "died" five times before he got a mechanical lease on life.

That lease is a battery-powered device in the abdomen of the 53-year-old Maryville businessman. The little lifesaver is connected by wires to two tiny electrodes sewed to the muscles of Howard's heart. It steps up his heartbeat and compensates for a fault in the heart impulses.

The beginning of what might have been the end for Howard was last April 9.

He came home from a day of fishing, took a hot bath and, as he prepared for bed, noticed his heart pounding. Short of breath, he checked his pulse.

"The way I counted it, my pulse beat was 40 to the minute," he said. "Sounded slow to me." The normal beat is 68 to 70.

Next day Howard saw a doctor. "There was no evidence of heart attack or heart damage."

"But there's something wrong," the doctor said. "We're going to have to put you in the hospital." "I started to protest," Howard recalled. "Now? I never felt better in my—'right there I collapsed."

His heart was stilled. After long moments, the doctor stirred it to activity again by a powerful chemical, isoproterenol hydrochloride.

Howard, the doctor says, "died" briefly three more times during the next 20 days in a hospital.

When it seemed the attacks were easing, Howard returned home. Two days later he had his fifth brush with oblivion.

"I thought he was gone," said his wife, a former X-ray technician. "We rushed him to University Hospital in Knoxville, the doctor giving him isuprel (isoproterenol hydrochloride) through the veins all the way—and that's quite a trick in an ambulance."

At this point, doctors decided to use the Pacemaker, the electrical heartbeat regulator.

Howard's heart was attached to its mechanical companion May 16. He plans to return to work next week.

Howard, the doctor says, "died" briefly three more times during the next 20 days in a hospital.

When it seemed the attacks were easing, Howard returned home. Two days later he had his fifth brush with oblivion.

"I thought he was gone," said his wife, a former X-ray technician. "We rushed him to University Hospital in Knoxville, the doctor giving him isuprel (isoproterenol hydrochloride) through the veins all the way—and that's quite a trick in an ambulance."

At this point, doctors decided to use the Pacemaker, the electrical heartbeat regulator.

Howard's heart was attached to its mechanical companion May 16. He plans to return to work next week.

Escanaba Teachers At Science School

MARQUETTE—John Butrymowicz, science-biology teacher, Holy Name High School, Escanaba and Graham McNamara, general science teacher at Escanaba Junior High School, are among 40 teachers from seven states attending the 1963 summer institute for junior and senior high school teachers of general science and mathematics at Northern Michigan University.

Supported by the National Science Foundation, the eight-week institute now in progress will terminate Aug. 17. Northern was awarded an NSF grant of \$51,480 to conduct the institute. The teachers will study modern mathematics using programmed instruction; review the basic laws of physics; study chemistry, geology and biology using the structural approach.

Four colleges or universities in the United States go by the name Loyola. They are in Baltimore, Chicago, Los Angeles and New Orleans.

Construction Job Peace Corpsman Becomes Midwife

WASHINGTON (AP) — Chester Wiggins went to Peru to do construction work for the Peace Corps. But he proved himself in a completely unrelated field—midwifery.

Wiggins, 66, a retired airline maintenance supervisor from San Bruno, Calif., went to Peru with only brief first aid training.

According to word received at Peace Corps headquarters here, Wiggins was giving a Peruvian woman and her husband a jeep ride when she began having birth pains.

A few minutes later, with help from Wiggins, the woman gave birth to a 6-pound, 19-ounce boy.

Said the report:

"Wiggins performed well as a midwife, and both mother and young Jose Chested Domingo are doing well."

The Pentagon, the world's largest office building, covers 34 acres of land in Virginia. It was completed in 1934 at a cost of about \$83 million.

Planning For Taxes

The first session of the Legislature in the Romney administration is over and preparations are underway for the next one, to meet in the fall at Lansing on taxes. This is the big one.

Governor Romney came out of the first session with a good record of legislation. Some of the Republican legislators complained privately that they had their arms twisted to support administration proposals and not make the first Republican governor in 14 years look bad before a Republican legislature in his first time at bat.

This sort of political jiu jitsu is as familiar in Washington as in Lansing and the public should probably complain that there isn't more of it. The people elect a governor to govern as well as a legislature to legislate. For 14 years under Democratic Governors Williams and Swainson and a Republican Legislature never the twain did meet.

Governor Romney is now in process of meeting with groups of legislators at Mackinac Island after 16 regional meetings about the state with special groups to explain his proposals for a tax program. This program is as complicated as the Michigan Conservation Department's bear hunting regulations, which is to say that few people understand it. It consists of a number of options on which the Governor wanted the people to express themselves so he'd have an idea of what the public would support in tax reform.

The public probably looks upon "tax reform" as tax reduction, but Governor Romney, at least, knows that this is not possible and that actually there will be need for increased taxes, not less taxes. What Romney hopes to achieve is more equity in taxation, a fairer spread of the tax burden to finance government.

The other half of reform in government financing is spending reform. This was mentioned in some of the Governor's regional meetings but there's no clear plan for this yet and it can be more politically offensive than even tax reform, because if grandma is going to have her welfare aid reduced she is going to be a very peppery old gal when she visits the polls. There is always lots of talk about cutting government spending, but the spending goes up and up and realists know that while it is possible to reduce spending it is politically inexpedient to do so and therefore most difficult to accomplish.

The big spending that causes state taxes is for education, welfare, mental health and highways. Michigan is one of the states that has assumed a big state burden of higher education and this ups the tax bill, but we're in a situation of knowledge explosion that justifies big spending on public education. Some of the soft fringes in education can be pared but our organization of public education has made it difficult for the establishment to do this and the public finds it difficult to pare effectively.

Mental health spending can be changed, if not reduced and should be. There's a wholesome tendency today to spend on rehabilitation rather than incarceration. Welfare spending is a huge drain on the treasury which has indispensable functions like support of the aged and emergency relief, but it can be made more efficient and possibly less expensive with a system of public works and like devices to replace the dole system.

Highways are a national indulgence. People spend a big part of their income on automobiles and they're not much good without roads, so Americans find themselves on a merry-go-round, with fast new cars demanding fast new roads.

It would be naive to expect Governor Romney to offer the Legislature and the state a tax program which is helpful but painless. He will do well if he can reduce the discrimination in taxes against property owners and small business and make Michigan's levies less repellent to industry.

There can be a helpful shifting of taxes, but no substantial total reduction of taxes. Even to maintain the present levels of state service will require an estimated \$50 million a year in new tax revenues.

Private Property Rights

The Supreme Court decision overturning several lunch counter sit-in convictions of Negroes in southern states leaves untouched a basic issue of law that may soon have to be dealt with.

That question is the extent — if any — to which an individual property owner, acting from private choice alone, can be interfered with by federal authority if he chooses not to desegregate his restaurant or other facilities.

The high court this time really ruled on only one point: It said state (city) law or the executive equivalent was used to compel restaurant owners to enforce segregation at lunch counters and that such state law is unconstitutional.

What would it say if there were no such use of state power? In an opinion accompanying the majority view, Justice John Harlan said:

"An individual's right to restrict the use of his property, however unregenerate a particular exercise of that right may be thought, lies beyond the reach of the 14th amendment. . . . Freedom of the individual to choose his associates or his neighbors, to use and dispose of his property as he sees fit, to be irrational, arbitrary, capricious, even unjust in his personal relations, are things all entitled to a large measure of protection from government interference."

This view is not the court majority's nor is it directly applicable to the sit-in cases just now decided.

But it is evident that Harlan's idea gains support from the 14th Amendment itself. It says specifically that "no state" shall deprive any person of life, liberty or property without due process of law, nor deny to any person within its jurisdiction the equal protection of the laws.

In other words, unless it can be shown, as in the newly decided sit-in cases, that state power has been used to deny equal protection of the laws to Negroes, the federal government, through its courts, may be hard pressed to find a legal basis for challenging segregation practices on private property.

Curiously, when the state and not the federal government is acting to bar discriminatory practices, the shoe seems to be on the other foot.

In a case wherein a property owner challenged Massachusetts' antidiscrimination housing law, the state's highest court ruled against the owner. The court said a citizen cannot use his property "to the detriment of his fellows." It added that "equally fundamental to the private right is that of the public to regulate it in the common interest." Other state high courts have ruled similarly in matters involving housing and employment practices.

But these decisions are no help to the federal government, which is an institution of limited powers. By contrast, say constitutional lawyers, the state can act in the name of the "common good" to do almost anything not barred by its own or the U. S. Constitution.

All Is Not Lost!

Edson In Washington

WASHINGTON—(NEA) — It's in the 18 to 24 age group buy a new or used car each year. In the automobile business in America is good, all business is good. If this sounds a little like, "What's good for General Motors is good for America," maybe there's something to it after all.

Anyway, 14 per cent of the American labor force is employed directly in the manufacture and sale or indirectly in the supply, servicing and repair of automobiles and trucks. So it is now the No. 1 business barometer, ahead of steel.

"The automobile industry now has so many favorable factors working for it," says Robert J. Eggert, marketing research manager for Ford Motor Co., "that we feel no qualms in envisioning a steady upward sales trend in the years ahead."

"The industry's second straight seven-million sales year back-to-back—1962 and 1963—now appears to be a laydown. While it may be too early to make a specific prediction about 1964, surely we can anticipate that car sales will average more than seven million units a year the next several years."

The marketing research that goes into a sweeping statement of this kind is of interest to all business. It goes into consumer intentions, buying power and credit availability.

Eggert reviewed his research with charts before the U. S. Chamber of Commerce mid-year business outlook session in Washington. It was a revealing forecast of continuing growth.

First is the population factor. Everyone knows it is exploding, without stopping to figure what it means to business.

This year there were a million more teen-agers reaching 16 than ever before. They were the 3.7 million war babies. There will be three million more of them reaching age 16 for the next three years, then the number goes up to 3.7 million again in 1968.

The economic significance of this for the auto industry is that 16 is the driver's license age in most states.

One-third of the young people

many as the 1.5 million two-car families of 1949.

As to car prices for the future—high volume production will help keep prices down, assuming steady material prices. Also, the average car is better made and lasts longer. Average car life of six years in 1925 has been more than doubled to 14 years in 1960, according to Automobile Manufacturers Assn.

The unsolved problems are building enough highways for the 65 million passenger cars and the 14 million trucks and buses to roll on—and places where they can all be parked.

Memory Lane

By J. R. LOWELL

Gerald J. Cleary, 54, of 713 S. 11th St., prominent Escanaba businessman, civic and political leader and lifelong resident of this city, died yesterday following a heart attack. The end came at Mackinac Island, where he had gone to attend a meeting.

Mr. and Mrs. E. E. Cookson of Manistique left this morning for Miami, Florida, where they will attend the national convention of hardware dealers.

Al/c Richard Skoglund, in the armed service, is in Bridgeport, Conn., where he is attending school receiving instruction in helicopter operation.

Twenty Years Ago

The Delta County tax allocation board passed a resolution today that requires all welfare bills be passed on by the board's claims and accounts committee before being paid.

Winners in the recent doll-bug parade in Ludington Park were Donna Lee Hendricks, Sally Shaw and Ann Harriet Roddy.

Manistique's reputation as a blueberry patch center seems to be enhanced by the best prospects yet. The first berries were shipped out this week and the call is out for pickers who will be transported to and from the fields by truck. Prices are declared to be excellent.

Thirty Years Ago

The construction of 5.2 miles of paving between Kipling and Rapid River has been approved by Commissioner Murray D. Van Wagoner and work is expected to begin shortly.

Dr. A. R. Tucker and Roy Roberts were elected members of the Manistique board of education in a spirited race. The vote was unusually large.

An appeal is being sent out for private donations to help keep two historic forts from falling in ruin. The forts are Fort Mackinac on Mackinac Island and the old stockade at Mackinac City. The appeal is being made by the Mackinac Island State Park Commission.

BARBS

In choosing young men for positions businessmen don't necessarily believe in scions.

It's a lot more pleasant going to a lot of trouble to make pleasure than trying to get pleasure out of making a lot of trouble.

An Indiana woman was given a ticket for driving while eating off of a tray attached to her car. A cop was the car hop.

When you sing your own praises too often your friends have less reason to.

LEGAL NOTICES

June 28, 1963 July 12, 1963
STATE OF MICHIGAN File No. 13101
The Probate Court for the County of Delta.
In the Matter of the Estate of John Dotsch, also known as John A. Dotsch, Deceased.
At a session of said Court, held on June 21, A. D. 1963.
Present, Honorable Marie D. Peters, Judge of Probate.
Notice is Hereby Given, That the petition of James D. Dotsch of Garden, Michigan, praying that said Court adjudicate and determine who were at the time of his death the legal heirs of said deceased and entitled to inherit the real estate of which said deceased died seized, will be heard at the Probate Court on July 30, A. D. 1963, at ten A. M.
It is Ordered, That notice thereof be given by publication of a copy hereof for three weeks consecutively previous to said day of hearing, in the Escanaba Daily Press, and that the petitioner cause a copy of this notice to be served upon each known party in interest at his last known address by certified mail (with proof of mailing), or by personal service, at least fourteen (14) days prior to such hearing.

Soil Moisture Short In State

LANSING (AP) — Michigan's crops need rain, the Federal-State Crop Reporting Service says.

A general soil moisture shortage exists throughout the state, with only a few scattered areas reporting adequate amounts.

The only precipitation last week occurred as isolated showers mostly in the Upper Peninsula on Saturday, with temperatures averaging from near normal in the Upper Peninsula to four degrees below normal in Lower Michigan.

The reporting service said rolling, wilting and sun-scalding of leaves was common, depending on the crop and use of irrigation.

Most corn was knee - high on Independence Day. The barley harvest was continuing. Some early wheat fields were harvested, and a good start in the wheat harvest was expected by mid-July.

Strawberry harvesting was underway in the northeast and Upper Peninsula. Haying ranged from near - finished in most southern counties to half done in the Upper Peninsula.

The sweet cherry harvest had begun in the northwest. In southern Michigan, many growers were still thinning peaches and a greatly reduced crop of cherries was being harvested.

Schaffer

Mrs. Mabel Kilb is accompanying her sister, Miss Mae Devine to Rochester, Minn., where they will have check-ups at the Mayo Clinic.

Visitors at the William Savage home were Mr. and Mrs. Stanley Ochwat and family and Nancy Savage of Chicago, Mr. and Mrs. Adeline Pare and children of Milwaukee and Mr. and Mrs. Ed Ross of Rockford.

Cornell

Farm Bureau

Flat Rock, Cornell 426 and Boncy Falls Farm Bureau groups held a joint meeting at the Cornell Town Hall. Topic for discussion was the Extension Service. Frank Falkies presided with Vernon Wick, minute man, and Clayton Ford, discussion leader. The Boncy Falls group served lunch.

LEGAL NOTICES

July 5, 1963 July 19, 1963
STATE OF MICHIGAN File No. 13022
The Probate Court for the County of Delta.

In the Matter of the Estate of Earl W. Takes, Deceased.

At a session of said Court, held on July 1, A.D. 1963.

Present, Honorable Marie D. Peters, Judge of Probate.

Notice is Hereby Given, That all persons interested in said estate are directed to appear before said Probate Court on August 6, A.D. 1963, at ten A.M., to show cause why a license should not be granted to James P. Chapekis, administrator of said estate, to sell or mortgage the interest of said estate in certain real estate described in his petition, for the purpose of paying debts.

It is Ordered, That notice thereof be given by publication of a copy hereof for three weeks consecutively previous to said day of hearing, in the Escanaba Daily Press, and that the petitioner cause a copy of this notice to be served upon each known party in interest at his last known address by certified mail, return receipt demanded, at least fourteen (14) days prior to such hearing, or by personal service at least five (5) days prior to such hearing.

MARIE D. PETERS, Judge of Probate.

A true copy
INEZ V. GUSTAFSON, Register of Probate.

July 5, 1963 July 19, 1963
STATE OF MICHIGAN File No. 13103
The Probate Court for the County of Delta.

In the Matter of the Estate of Sarah Thatcher Leighton, Deceased.

At a session of said Court, held on June 26, A.D. 1963.

Present, Honorable Marie D. Peters, Judge of Probate.

Notice is Hereby Given, That the petition of Joseph Thatcher Leighton praying that the instrument filed in said Court be admitted to probate as the Last Will and Testament of said deceased, that administration of said estate be granted to Frederick B. Leighton or some other suitable person, and that the heirs of said deceased be determined, will be heard at the Probate Court on August 6, A.D. 1963, at ten A.M.

It is Ordered, That notice thereof be given by publication of a copy hereof for three weeks consecutively previous to said day of hearing, in the Escanaba Daily Press, and that the petitioner cause a copy of this notice to be served upon each known party in interest at his last known address by certified mail, or by personal service, at least fourteen (14) days prior to such hearing.

Escanaba, Michigan.

Tourists are fascinated by this two-level vertical lift bridge at Houghton-Hancock in Upper Peninsula. The bridge accommodates railroad and automobile traffic on a single span across a heavily traveled ship canal. When there are no ships, rail traffic uses the lower level and automobiles the upper. Smaller vessels can pass by raising the span so that the lower level which is also paved can be used by auto traffic. The arrival of a large ship necessitates lifting the bridge to its maximum height 100 feet above the water, which can be accomplished in 90 seconds. (State Highway Department Photo)

Michigan Bridges Are Lures For Tourist Cameras

Tourists will often drive out of their way to see an unusual bridge. Michigan, with more than 10,000 bridges, is a prime area for this vacation travel activity.

Many bridges of unique or unusual design have been constructed to meet Michigan's transportation and industrial needs, according to the Michigan Tourist Council. The bridge builders' task is magnified by the rolling countryside pocketed with more than 11,000 lakes and beribboned by 36,000 miles of rivers and streams.

Almost every kind of bridge construction—cantilever, suspension, bascule, turning or siphon—has been used to satisfy particular needs, often with spectacular results.

Topping the list of Michigan bridges is the Straits of Mackinac structure. The five-mile-long suspension bridge was completed in 1957 at a cost of \$100 million and is a major tourist attraction.

The cities of Detroit and Windsor, Ontario, are joined by the Ambassador bridge. A clearance of 152 feet above the Detroit river affords travelers crossing the international border a spectacular view of the impressive Detroit skyline. When built in 1929, the Ambassador was the longest suspension bridge in the world—a title now held by the Mackinac bridge.

At Port Huron, the Blue Water bridge is an 8,000 foot cantilever truss span that is the only toll-free bridge between the United States and Canada. Another international bridge crosses the St. Mary's river and connects Sault Ste. Marie, Michigan with its Ontario namesake. This bridge is a series of eight arch and truss spans that give the traveler an aerial view of the world-famous Soo Locks.

Northernmost of Michigan's

major bridges is the unusual Portage Lake lift bridge at Houghton-Hancock on the Keweenaw peninsula. The bridge has two levels, the lower of which carries rail traffic, while the upper carries a four lane highway and pedestrian traffic. An unusual feature is that the whole unit can be raised like an elevator. When no trains are expected, the lower level is raised to permit small ships to pass unimpeded while allowing auto traffic to continue uninterrupted over the paved railroad section. Larger vessels can be accommodated by elevating the bridge to its maximum height, giving 100 feet of clearance. The massive structure can be raised 100 feet in 90 seconds.

Bascule bridges, reminiscent of the medieval drawbridge, are fairly common over navigable waterways in Michigan. The State Highway Department operates 13 of these bridges. They may be seen in St. Joseph, Benton Harbor, Grand Haven, Manistee and Charlevoix on route US-31; in Detroit and Port Huron on US-25; two in Bay City and another in Zilwaukee on I-75; in Saginaw on state highway 81; on US-23 at Cheboygan; and on state highway 104 in Ferrysburg.

Swing bridges, that pivot to allow water traffic to pass on either side of the span as it turns parallel with the stream, can also be found in Michigan. Three are located on I-94, at St. Joseph, Benton Harbor and South Haven; another is on state highway 64 at Ontonagon; and still another is at St. Clair on state highway 29.

There are number of other bridges in Michigan that are interesting because of their unusual design. In each case the finished bridge represents a solution to an engineering puzzle.

At Manistiquie the Upper Penin-

sula, there is a bridge that is actually below the level of the river it crosses. This unusual structure, called a siphon bridge, uses the pressure of the river water to help support itself. This design was used to avoid making the bridge approaches excessively steep.

In Flint there is a bridge that is referred to as the "upside down bridge." The designed used an inverted concrete arch structure allowing floodwaters—at one time an annual problem — to flow across the bridge without destroying it, as had happened to its predecessors.

Wood, steel, cast iron and concrete have been fashioned into a wide variety of bridge designs. Covered bridges, reminiscent of bygone days; ornate iron spans that are almost works of art; or new functional bridges that are models of modern design. Each is a proud symbol of the ability of man to meet and master any obstacle.

In turn the bridges offer a challenge to the camera fans to capture their beauty and utility.

State Briefs

DETROIT (AP) — James J. Fielding of Grosse Pointe Park was named vice president and director of marketing for Cunningham Drug Stores Inc. Thursday. Fielding, 40, had been sales promotion manager.

MOUNT CLEMENS (AP) — The four Circuit Court Judges of Macomb County failed Thursday to reach a decision on Prosecutor George N. Parris' request for a grand jury investigation of reported criminal offenses in Roseville. The judges arranged to meet again today for further consideration.

Tobacco Disease

The agricultural research service of the United States Department of Agriculture has linked a widespread disease of tobacco, called weather fleck, to concentrations of ozone gas in slow-moving, polluted air, according to the Britannica Book of the Year.

Farmers Fearful Of Deer Buildup

Michigan farmers are becoming concerned about the buildup in deer herd numbers. With considerable food, "cover" and widespread protection, Lower Michigan's deer herd has increased about 14 per cent each recent year, and this fall will be up some 20,000 animals over last year.

"We are suffering a terrific loss of fruit from our young orchards in Livingston County due to browsing deer," says Robert Spicer of Linden. He reports a loss of about \$4,000 worth of apples last year with additional browsing of tender tree buds causing an estimated \$6,000 in 1963 damages.

"The trees are badly damaged in their main structure and are severely stunted," according to Spicer. He adds that he has invested approximately \$40,000 in the land, trees, tiling and labor, with a good share of this substantial investment lost if the heavy local deer herd is not controlled.

"We have worked closely with the conservation officer in this area and have used every known type of repellent," Spicer says. He has tried shooting, (under a permit) — and fancy scarecrows, without effect.

A deer "population explosion" seems to have occurred in many sections of the state. Spicer traces it from about 200 deer in 1954 to over 1,000 in Livingston County presently. "We may be facing a population of 2,000 in 1964," he feels.

A side issue to the main problem is the matter of highway safety. A fast-travelling deer can plunge into the path of a car with such speed that collision is inevitable. One farmer reported that a newly opened portion of expressway past his farm "looked like a slaughterhouse." — in an area where as high as 100 deer have been observed at times, feeding along the expressway route.

Farmers, through the Michigan Farm Bureau, have said that the deer-herd management is a local problem and should be subject to local regulation. They asked that seasons where "any deer" may be taken (not just bucks), should be subject to the approval of the local county board of supervisors and adjusted to areas where obvious over-population is a problem.

Consumers Co. Forester Heads Tree Farm Plan

MANISTEE — One of the state's best known foresters has been named to head the Michigan Tree Farm Committee.

Russell H. O'Neil, chief forester, Consumers Power Co., Jackson, has been named by Arthur F. Koller, chairman of Michigan Forest Industries, to direct the tree farm program which is designed to encourage forest management on privately owned, taxpaying woodlands throughout the state.

O'Neil succeeds C. A. Samuelson, chief forester, Kimberly-Clark Corp., Norway, who had held the position since 1960.

A native of Mulliken, Mich., O'Neil earned his bachelor of science degree in forestry from Michigan State University in 1923. He has been employed by the Consumers Power Co. for the past 40 years and is presently responsible for the management of 120,000 acres of hydro-forest lands on the AuSable, Manistee, Muskegon, Kalamazoo, Betsie and Rifle rivers and their tributaries.

Michigan has 949 certified tree farms, consisting of 1,344,000 acres of forest land. This ranks it 9th in the nation in numbers of tree farms and 13th in acreage enrolled.

The rubber tree belongs to the Spurge family. Most commercial rubber comes from the para rubber tree, native of Amazon forests.

Wisconsin Pushes Land Acquisition

MADISON, Wis. — Land purchases continued to receive top priority from Wisconsin Conservation Commissioners in June with the acquisition of 2,409 acres at a cost of \$414,342.

The figures bring to 97,447 the acreage opened to public use through purchase by commissioners during the past 21 months. Costs have amounted to some \$7,123,655 with about 80 per cent financed by the cigarette tax under the Outdoor Recreation Act Program. The remaining 20 per cent came from regular Conservation Department income including hunting and fishing licenses, park sticker fees, and the .2 mill tax on real estate.

In June, commissioners expanded the easement purchase program and praised it as an excellent device for bringing stream and lake frontage into the public domain. Latest addition brings in 100,634 feet of frontage at a cost of \$41,450. Total frontage acquired under all aspects of the program now amounts to 1,335,886 feet — more than 250 miles counting both stream banks.

Visitors to the nation's park lands this summer will be seeing this poster, as a reminder to carry their good manners with them on vacation. Forest Service and National Parks Service hope the poster will help them with their appalling clean-up problem.

Union Lake Gets New Road Raised

UNIO LAKE (AP) — A compromise was reached Thursday in a dispute over a road construction project in the business district of Union Lake village and approved by Oakland County Circuit Court Judge Clark J. Adams.

Under the terms of the agreement, the Oakland County Road Commission agreed to lower the

surface of the road only 18 inches instead of two feet. It also agreed to perform more grading than originally planned.

The Union Lake Business Association complained that the two foot lowering would leave their businesses up in the air, and that ramps planned for access to stores from the road would be hazardous.

Unclean Eggs Cause Malady

WASHINGTON (AP) — In the news from Washington: CUBAN AGENTS. The State Department says it has made two attempts in recent weeks to get the British to bar use of Grand Cayman Island as a transfer point for subversives from Cuba.

Press Officer Richard I. Phillips said the situation was taken up with the British June 7 and June 26. The United States contends the agents are flown to the small British-owned island south of Cuba and transferred to commercial airliners to go to other countries in the Western Hemisphere.

In London, a British foreign office spokesman said, "We are discussing the matter with the Americans, but have not yet given them our reply."

The State Department said some 20 potential subversives had been flown from Cuba to other countries via Grand Cayman Island. It said four of these had been picked up by authorities in El Salvador.

EGGS: The Public Health Service says 775 persons in 25 states and the District of Columbia have

been hit by salmonella derby—an intestinal infection — from eating cracked or unclean eggs.

In issuing a warning against buying cracked eggs, it said the outbreak was first noted in a New York city last March and had since spread.

The Public Health Service said it had defined the source of some of the cases but did not name it. It also did not name hospitals where patients had been treated for salmonella derby.

A spokesman said the disease could produce gastroenteritis, upset stomach and diarrhea, with a fever in extreme cases.

HELPING TEACHERS: A \$2-million distress fund for teachers is being raised by the National Education Association.

The drive was spurred by a dispute in Utah where teachers are boycotting public schools pending settlement of a dispute with Gov. George Clyde about increased state appropriations for education. The dispute could throw 8,000-10,000 teachers out of work next fall.

Although Utah is the only place where the fund may be needed

Mrs. Helen Wood Bauman, editor of Christian Science periodicals, was named president of the Mother Church, The First Church of Christ, Scientist, in Boston, at the annual meeting of members of the Mother Church in Boston.

now, the NEA said it would be at the disposal of teachers elsewhere should the need arise.

The fund was authorized at a closed session of the NEA's board of directors in Detroit last week.

Grandpa Stars In Guard Tests

CAMP GRAYLING (AP)—Master Sgt. Louis Mayotte of Ishpeming—a 47-year-old Michigan National Guardsman and the grandfather of nine—can still run circles around men half his age.

He did it Thursday as members of the 107th Engineering Battalion took the first physical training test under the guard's new stepped up physical training program. Mayotte, nicknamed "Shorty," is 5-foot-5, weighs 140 pounds and is a former boxer.

In the test, guardsmen are allotted 10 minutes to complete a series of five exercises—including a four-minute, half-mile run in heavy combat boots. He ran the distance in four minutes flat and completed the test in seven.

The small muscular man with the big friendly smile, who works out and lifts weights daily, spurned the over-40 age class and competed with men in the under 29 bracket.

In World War II—and they tell me they could hear me shout in the tank battalion nearby," he said.

All 450 of the engineers who took the test Thursday met the minimum requirements set by the

46th Infantry Division, on active duty training here, July 6 to 20.

The engineers started their training a week before the other 7,500 men of the division and leave for home — more than 300 miles away — early Saturday.

Units of the battalion are stationed in Ishpeming, Marquette, Baraga, Calumet, Gladstone and Manistique.

The bald eagle finally received protection in all states in 1940.

LAGER BEER

Key to the expression "lager beer" is that the German word "lager" means "storehouse" and the beer was so named because barrels of lager beer were placed in a storehouse to age.

Women's Activities

Mary Lou Schleis Is Engaged To Clayton E. Smits

Mary Lou Schleis, 1257 S. Clair St., Green Bay, is the fiancée of Clayton E. Smits, son of Mr. and Mrs. George Smits, 727 S. Michigan St., DePere, Wis.

Miss Schleis, daughter of Mr. and Mrs. Joseph Schleis, 2429 Ludington St., Escanaba, is a graduate of Escanaba High School and Stout State College, Menomonie, Wis., where she received her Bachelor of Science degree. She is a member of Sigma Sigma Sigma, national social sorority, and Phi Upsilon Omicron, national honorary Home Economics fraternity.

At present she is Home Economics teacher at East DePere High School.

Mr. Smits, graduate of East DePere High School, received his Bachelor of Science degree from St. Norbert College, West DePere. Presently he is on leave of absence from East DePere High School's Mathematics Department. In September he will begin work on his Master's in mathematics at the Illinois Institute of Technology where he has been awarded a National Science Foundation Academic Year Scholarship.

No definite date has been set for the wedding.

Mrs. Reginald L. Robinette (Midigan Photo)

Miss Maki Wed To Reginald Robinette

Wedding vows were repeated Saturday, July 6, at St. Patrick's church by Anne Marie Maki and Reginald L. Robinette. Parents of the bride couple are Mr. and Mrs. Raymond H. Maki, Rock Rte. 1, and Mr. and Mrs. Leonard Robinette, Escanaba.

Given in marriage by her father, the bride wore a floor length silk organza and lace gown trimmed with sequins, pearls and applied lace. Her fingertip veil of silk illusion was caught to a double crown of sequins and pearls. She carried a prayer book with pink and white baby roses.

Honor attendants for the couple were Mr. and Mrs. John Carlson, cousins of the bride. Miss Jill Niles of Chicago and Mrs. William Carlson, the bridegroom's cousin were bridesmaids. They wore sheath dresses in peppermint green taffeta with chiffon overskirts. Their headpieces were large flowers with a veil attached and they carried baskets of baby roses and spring flowers.

Raymond J. Maki, the bride's brother, and the bridegroom's cousin, William Carlson were groomsmen. The bride's uncle, Wilbert Demeuse and the bridegroom's uncle, John Murray, seated the guests.

Following the ceremony the bride party and immediate family were served breakfast at Potvin's in Schaffer. The reception was held in Perkins.

The newlyweds are honeymooning in Copper Harbor and when they return they will reside at Perkins.

Out-of-town guests attended from Milwaukee, Pembine, Drayton Plains, Waterford, Crystal Falls, Hardwood, Negaunee, Marquette, Rock, Perkins, Gladstone, Rapid River, Gwinn, Trenary and Green Bay.

First American author to gain international fame was Washington Irving author of "Knickerbocker History of New York" and "Legend of Sleepy Hollow."

Paul E. Penno At Seventh-Day Business Session

Paul E. Penno, pastor of the Escanaba Seventh-day Adventist Church, headed a delegation to the biennial business session of the Michigan Conference at Grand Ledge.

The business session preceded the 95th annual camp meeting which opened on Thursday, July 4, and continues through Sunday, July 14.

About 500 delegates from 164 churches in the state attended the business session. Another delegate from the local church was Robert St. Clair, 1402 1st Ave. S.

The delegates to the business session heard reports from the president, treasurer and the department heads of the church and elected officers for the coming two-year period. An executive committee of 13 ministers and laymen, the governing body of the church in Michigan were elected.

The program for the biennial meeting is under the direction of N. C. Wilson, president, and L. G. Wartok, secretary-treasurer, both of Lansing.

The Michigan Conference, was the first organized body of the Adventist Church, and came into being in Battle Creek in 1861. Business sessions of the conference were held yearly at first but in recent years the term of service for the elected officers was lengthened to two years.

Hirn Family Holds Summer Reunion

A reunion of the family of the late Mr. and Mrs. Frank Hirn was held recently in connection with Centennial festivities. A highlight was a family picnic at the Peter Hirn residence, Old State Road. Attending from out-of-town were Mr. and Mrs. Jack Skanes (Clare) and Beth of Rochester, Mich., Mr. and Mrs. David Wedge and family, Detroit, Mrs. Donald Patterson (Luella) of Wayne and Mr. and Mrs. Frank Hirn and family, Detroit.

Change of schedule — Church school Sundays at 8:30 a. m. Sunday Worship service, 9:30 a. m.

Mrs. Michael Majestic (Gordon Nelson Photo)

Carol Jean Bracke Wed To Michael Majestic

St. Charles Borromeo Church in Rapid River was the setting for the wedding of Carol Jean Bracke, daughter of Mr. and Mrs. Arthur J. Bracke, 214 N. 17th St., Gladstone, and Michael G. Majestic, son of Mr. and Mrs. Matt Majestic of Ensign.

The double ring ceremony was solemnized by Father John Vincent Suhr Saturday, July 6, at 10 a. m. St. Charles Choir sang the music of the Nuptial High Mass and "On This Day O Beautiful Mother" as the bride placed a bouquet before the statue of the Blessed Mother.

A breakfast at St. Charles parish hall and a reception and wedding dance at the Midway at Gladstone followed the service.

Bridal Attendants
The bride's honor attendant was Betty Majestic and bridesmaids were Rosalynn Lindstrom of Escanaba and Mrs. Donald LaCrosse. George Majestic was best man for his brother. Serving as groomsmen were Earl Groleau and Donald LaCrosse and ushering were Bob Winchester and Arthur Lied Jr.

Debbie Majestic, flower girl, J. Bracke, 214 N. 17th St., Gladstone, and Michael G. Majestic, son of Mr. and Mrs. Matt Majestic of Ensign.

The bride's floor length gown of Chantilly lace and nylon organza was fashioned with Sabrina neckline and long tapered sleeves. The bouffant skirt had lace insets. A cluster of pearlized orange blossoms held her elbow length veil of imported English illusion. She carried a crescent bouquet of pink and white cymbidium orchids. Her rhinestone necklace and earrings were the bridegroom's gift.

Identical dresses of lavender embroidered, peau de soie were worn by her aides. They were made with scoop necklines, short sleeves, crushed cummerbunds and back panels. They wore crowns of lavender hair braid with a single rose and pearl trim and circular veils. Orchid and pink pompons formed their crescent bouquets.

Home in Ensign
Mrs. Bracke chose blue acetate nylon lace with white accessories and a corsage of pink cymbidiums. Mrs. Majestic wore pink nylon lace, white accessories and a pink cymbidium corsage.

The newlyweds will reside in Ensign. The bride is a Holy Name High School graduate and Mr. Majestic was graduated from Rapid River High School.

Births
MORIARTY—Mr. and Mrs. William J. Moriarty Jr., 610 S. 10th St., are the parents of a daughter, Mary Lisa, their first child, born at St. Francis Hospital July 11 at 8:06 p. m. The infant weighed 6 pounds and 5 ounces. The mother is the former Shirley Lents.

WICKSTROM—Twin sons were born to Mr. and Mrs. Robert G. Wickstrom, Bark River, today, July 12, at St. Francis Hospital. The first boy, who arrived at 12:03 a. m., weighed 3 pounds and 9 ounces, and the second, born at 12:19 a. m., weighed 4 pounds and 6 ounces. The Wickstroms now have three children. Patricia Nelson is the mother's maiden name.

MASKART—Mr. and Mrs. Michael L. Maskart, 302 Michigan Ave., Gladstone, are the parents of a son, weighing 6 pounds and 15 ounces, born today, July 12, at 7:50 a. m. at St. Francis Hospital. The infant, second child in the family, has been named Gregory Steven. Mrs. Maskart is the former Rita Richer.

Kathaleen Harris Of Trenary Will Be Bride
TRENARY—Mr. and Mrs. Erwin J. Harris of Trenary announce the forthcoming marriage of their daughter, Kathaleen Ann, to Bernard W. Ramile of Minneapolis.

Miss Harris is a student at the College of Medical Technology in Minneapolis. Her fiancé is the son of Mr. and Mrs. Lawrence Ramile of Escanaba.

The wedding will take place Saturday, Aug. 31, at St. Rita's Church, Trenary.

ISRAEL'S EXAMPLE
NEW YORK (AP) — "Israel has set a pace of progress for old nations to emulate," Rabbi Julius Mark, president of the Synagogue Council of America, said in a message marking the 15th anniversary of the state of Israel.

ORIGIN OF "YOSEMITE"
The name "Yosemite" derives from the word "Yosemity" which meant "the grizzlies" or "the killers" and was applied to valley Indians of California because of their lawlessness.

Daily newspaper classified ads are a major advertising medium. Eight hundred million dollars were spent on classified ads in 1962, more than for all television spot announcements and all radio advertising. A Daily Press want ad can do a big job for you.

With Our Women

When Mrs. M. H. Garrard Jr. left the Detroit area for a home in the Upper Peninsula she adopted a philosophy which has stood her in good stead and which might well aid others in a like situation.

"I was desolate at leaving a large city" she relates. "But I decided if I was to live in a smaller community I'd get out of it pretty much what I put in. Hence I have tried to be active in what I considered worthwhile affairs, both civic and church."

Music, of course, is synonymous with Claire Garrard's name. Vocal music instructor in the grades of the Escanaba Area Public School system at present, she was director of Orpheus Chorus nine years and director of music for Job's Daughters six years.

She is director of choirs of First United Presbyterian Church and a charter member of the Delta County Community Concert Association. She also is an honorary member of the National Board of Christian Education, United Presbyterian Church in the U. S. A., a member of the daughters of the American Revolution and Altrusa Club, and was active in Girl Scouts for a number of years.

Mrs. Garrard, who, with her husband, Dr. Garrard, Escanaba optometrist, and their daughters, Julie Claire and Susan Bond, lives at 1106 7th Ave. S., and at Portage Point, was born in Terre Haute, Ind., Sept. 12, 1911, a daughter of John W. and Margaret Hammack.

She received her life certificate at Eastern Michigan University at Ypsilanti and her Bachelor of Science from Wayne State University, Detroit. Her high school and college interests were all forms of singing activities, Glee Clubs, College Choirs. She also did radio and newspaper work and was correspondent of Detroit papers for her college paper. She was president of her sorority, Delta Phi.

Her marriage to Dr. Garrard took place in Detroit, Sept. 12, 1936.

While in the Lower Michigan city she did clerical work at Chrysler Corp. and J. L. Hudson Co., then was director of vocal choir at Woodworth High School, Dearborn, and was soloist of Central Woodward Christian Church, Detroit.

Her hobbies range from golf, reading, travel and politics, as Republican Precinct captain, to private music coaching, and she had had the satisfaction of seeing a number of her private pupils advance to widespread recognition.

Booths and games to provide entertainment for all ages will be features of the day.

In charge of the dinner are Mrs. Henry King, chairman, Mrs. John Remondini, assisting chairman, and Mesdames Wendell Erickson, Gordon Anderson, John Kidd, Henry Bisson, William Martinson, Edna Ambeau, Lionel LaFleur, Frank Sheffer, Rod Beauchamp, Peter Breclaw, Ralph Frasher and Phil LaMarche.

Chairman of booths and games is Donald Moreau, the short order stand will be in charge of Mrs. Virgil Turan and cashiers are John Remondini and Henry King.

In charge of the special events are Bob Grabowski, Ken Marvic, Jim Ellison, John Kroll, Bill Gerou, Bob Kennedy, Bill Cashion, Phil LaMarche, Dick Rhinehart, Pat Coyne, Darryl DeRouin, Virgil Turan, Steve Sabor, Oscar Larsen, Gordon Anderson.

Publicity chairman is Mrs. Don Norby and the construction team chairman is Steve Rodman.

The Escanaba Daily Press has expanded its circulation to the Newberry area. This means 200 more subscribers with more to come. This is valuable additional coverage to Press advertisers.

GLADSTONE

Tourist Service Building Started

A group of civic minded citizens gathered at Wilderness Park Wednesday evening to lay the foundation for the tourist service building which will house sanitation facilities and an office.

Footings were laid last week when Charles Wnuck donated the material as his contribution to the project sponsored by the City of Gladstone and the Chamber of Commerce.

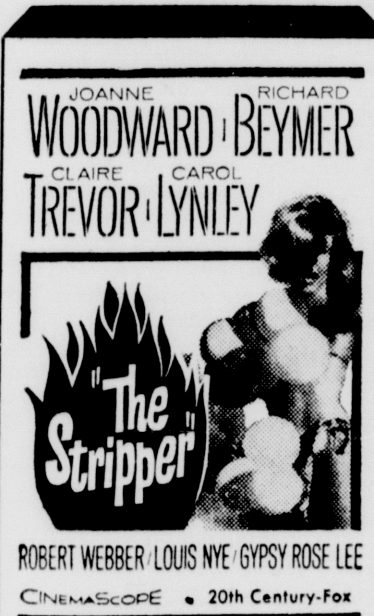

Fred and Gene Coppock and Lionel Beaumier, professional masons, were assisted Wednesday evening by John Norton Jr., Bob Malnor, H. J. Hendrickson, Bob Wellman, president of the Chamber of Commerce, Bob Huppy and Bill Swenson. Craig Huppy and Janice and Fred Schwarzer were on hand to carry water for the mortar and when boys from the Gladstone baseball team had finished their evening practice they came down to the park and arrived just in time to give assistance.

Among the baseball players who contributed to the effort were Jim Ridings, Jay Knutsen, Less Swanson, Warren Anderson, Warren Louis, Calvin Bovin, Ricky Ebbesen, Jim Shandony and David Washburn.

Wilderness Park has been used by several tourists this summer but the added convenience of a service building is expected to draw many more campers in the years to come.

The Chamber of Commerce wishes to express their thanks to all who have assisted in this work to date.

New York Issues Phone Book But It's Out Of Date

NEW YORK (AP) — The New York Telephone Co. today completed delivery of 5-million pounds of phone books to Manhattan subscribers. Already the book is out of date.

The listings change at the rate of 1,000 per day. A telephone company spokesman said the 1963-64 edition lacked 50,000 new listings.

Separate books are issued for each of the city's four other boroughs.

Carol Wood Is Low In Women's Golf

Carol Wood, with a score of 32, was low in the special event at the Women's Day match at Gladstone Golf Club Thursday afternoon. Joanne Gillis had high score.

Ann Carlson came closest to the pin on number 4 and Janet Farrell had low putts.

Other low scores for the day were Dorothy Coulter and Katie VanDonnel with 45, Bev Farrell and Dee Dee Peterson with 46, Ev Skellenger 48 and Vi Damitz with 49.

The country's smallest chemical rocket engine is only a little bulkier than a king-size cigarette. Under development for the Air Force by Rocket Research Corp. of Seattle, the micro-rocket will be used to control satellites and space vehicles in orbit.

Work Resumed On Tax Cut Bill

WASHINGTON (AP) — In the news from Washington:

TAXES: The House Ways and Means Committee is going back to work on President Kennedy's tax cut bill, dampening speculation that it might be sidetracked by the growing fight over civil rights legislation.

Committee sources said the tax writers will begin Monday reviewing section by section, portions of the legislation already drafted. The key issue, how deep a rate reduction to recommend, remains open. So does the question of dividend taxation.

CHANGE UNLIKELY: The expected resignation of Rep. Homer Thornberry, D-Tex., from Congress is not likely to affect the administration's already uneasy grip on the House Rules Committee.

Thornberry has been nominated to be a federal judge in Texas. If confirmed by the Senate, he probably will quit Congress at the end of this year's session or sooner.

The odds-on choice to replace Thornberry is Rep. John Young, also a Texas Democrat. On seven key votes this year, Thornberry and Young have identical voting records in favor of the administration.

JFK PAPERS: President Kennedy says future historians may view 1962 as the year "when the tide of international politics began at last to flow strongly toward the world of diversity and freedom."

The President made this assessment in a foreword to the 1962 volume of "Public Papers of the President of the United States," published Wednesday by the National Archives and Records Services of the General Services Administration.

State Briefs

DETROIT (AP)—Disturbed over a rash of false fire alarms, the City Council is proposing tougher penalties. The present maximum penalty is a \$100 fine and six months in jail.

DETROIT (AP)—The Skillman Foundation is giving the Merrill-Palmer Institute a half-million-dollar center for the Institute's teaching and research program in human development. The Skillman Foundation was established by Mrs. Robert H. Skillman, widow

of a former vice president of the Minnesota Mining & Manufacturing Co.

A talking trash receptacle stops passers-by in New York's Times Square, carries on friendly conversations with them and urges them not to throw litter on the street. Known as "Lively Louie," the receptacle is equipped with an intercom system, with a master station in an office overlooking the street, a speaker and reply microphone in the container. Some people think there's a midget inside.

MANISTIQUE

DeSautel Heads American Legion At Ann Arbor

Henry DeSautel, son of Mr. and Mrs. Henry DeSautel, 700 West Elk St., has been elected commander of Erwin Prieskorn Post 46 of the American Legion at Ann Arbor. He is married and has three children and is a salesman for a bakery company. He is a former local resident and attended Manistique schools.

Pleas Changed By Three In Circuit Court

A plea of guilty on a charge of breaking and entering was received from Arnold Moses of Manistique in Circuit Court Thursday morning.

The matter was referred by Judge George Baldwin to probation officers for report prior to sentencing.

Donald Carley, Aldean Segerstrom and Jerome Segerstrom changed their pleas to guilty, when they appeared on an appeal from a justice court conviction of entry in the paper mill with permission and were given suspended fines of \$100 and 60 days in jail, and were given 48 hours to pay \$40 court costs each. They are on probation for six months.

In other action, divorces were granted to Gerald Thomas from Elizabeth Thomas and to Kathleen Louise Watkins from Richard Watkins.

Six Are In July Draft Group

Douglas LaCroix, Harry Burton, William Wedegartner, Robert Ayotte, Jack Nigh and Herbert Bowers (transferred to Milwaukee) were in the pre-induction physical group for July from the Schoolcraft Selective Service board. They had physicals in Milwaukee Wednesday. There is no induction call this month. Next month the call is for four pre-induction and one for induction.

Camp Show 4-H Program July 22-26

Camp Shaw will be the site of the annual 4-H Club week July 22-26.

The camp is designed for older club members and is considered excellent opportunity to meet other 4-H'ers, attend discussion sessions on problems of young people and enjoy recreation sessions.

U. P. district contests also are slated, and winners will advance to state contests.

The Schoolcraft winners who will be competing are Jacques Anderson and Terry Cain, demonstration contests; Greer Olsen and Jacques Anderson, achievement interview; Bob Brunet and Susan Carlson, share the fun, and Greer Olsen, Rosann Fleck, alternate, dress review.

Births

Mr. and Mrs. Gerry Lee Cousineau, Nahma, are the parents of a daughter weighing 7 pounds, 5 ounces born July 10 in Schoolcraft Memorial Hospital. Mrs. Cousineau was formerly Kay Turek.

of a former vice president of the Minnesota Mining & Manufacturing Co.

Wednesday Golf Winners Named

Golf winners in Wednesday women's play at Indian Lake Golf and Country Club were Mesdames Leo Curran, Morris Laux, Bud Malloy, Ferd Gorsche, A. J. Radgens, Ozzie Smiths and Mary Kelly. Bridge winners were Mesdames William Sheahan, Charles Atwater, A. J. Radgens, Ozzie Smiths and Helen Volsine. Wednesday's meeting, attended by several guests was the start of the bridge tournament. Plans were made for the club to sponsor a Rotary dinner in August. Hostesses next week are Mrs. Morris Laux, Mrs. Leo Curran, Mrs. Earl LeBrasseur and Mrs. Nora Harbin. Reservations for next week's meeting should be called in to Mrs. Morris Laux or Mrs. Leo Curran before Tuesday noon.

Briefly Told

State Police ticketed Margaret C. Goldthorpe, McMillan and Howard H. Reid, South Haven for speeding.

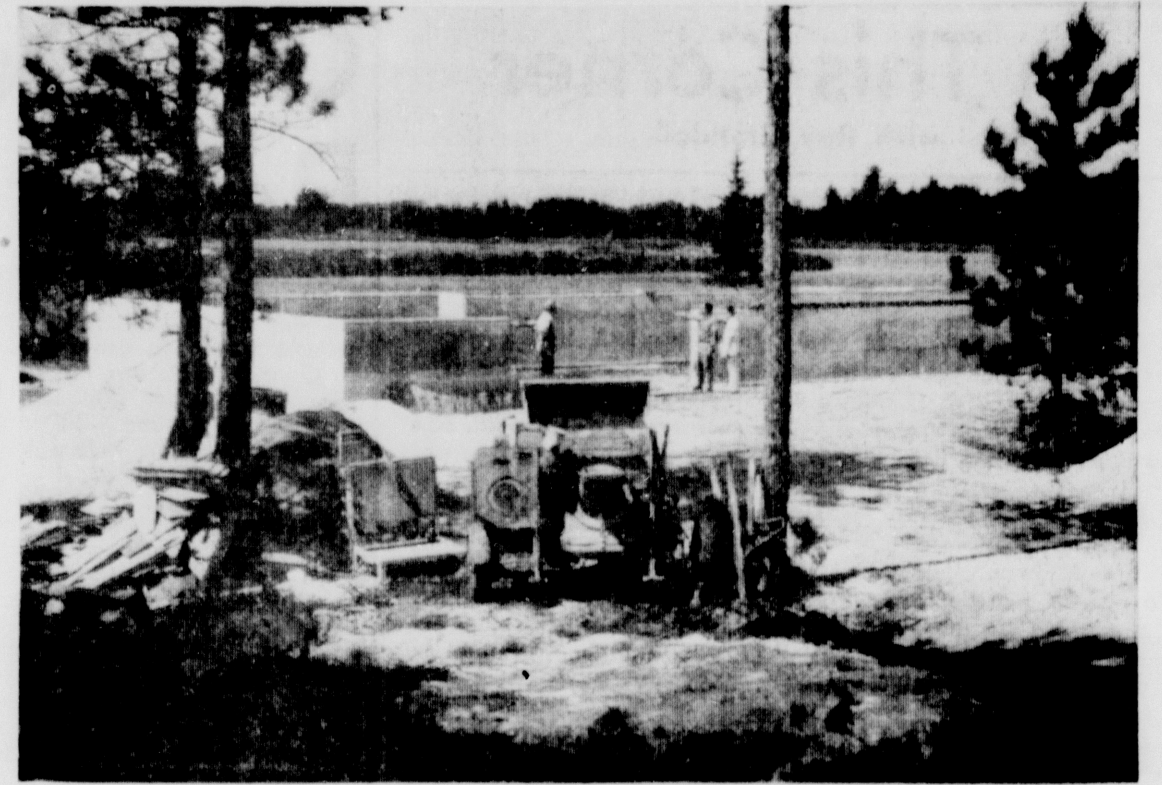

Public Safety Officers were called Wednesday afternoon on grass fires at the Carl Carlsons, Range St., and the Rudolph Larsons, Lake St. There was no damage.

The Women's Missionary Society of First Baptist Church meets at 7:30 p. m., Monday at the church. The program will be on echoes of the recent Lake Louise conference. A panel of officers will form the hostess committee.

Andrew F. Langlois, 52, of Pontiac was assessed fine of \$75 and costs of \$430 and had his driver license revoked, on a charge of driving under the influence of liquor when arraigned in Justice Court Thursday. He was arrested by State Police Wednesday night.

Hospital

Admitted to Schoolcraft Memorial Hospital were Kay Cousineau, Nahma, William Dorman, 729 Michigan, John McGahan Sr., Curtis, Willard Woodward, 216 Center, Newberry; Alice Podany, 3726 Buchanan, Minneapolis; Joseph Marks, 244 Lincoln, Portland, and Peggy Beaudry, Gulliver. Discharged were Elija Williamson, Kenneth Blowers, Clyde McMillan, Evermae Zuehlisford, Kay Fisher, Madonna Yoder and baby, Virgie Lohr and Jean Wood and baby.

A 105 by 40 foot brick museum building is under construction at Seney Wildlife Refuge. The \$84,000 accelerated public works project will provide a building for displays and movies of wildlife at the national refuge, where the famed Canada goose project was started. Kaysner Construction Co. of Sault Ste. Marie has the contract for the job. The building will be in use beginning next year. From left looking over the foundation work is Marion Schrock, Glen Sherwood and Andrew White of the Refuge staff. (Daily Press Photos)

Work is underway at the Manistique Pulp and Paper Co. where a contract will be let in two weeks to rebuild the groundwood storage tank, which exploded June 15 and put the mill out of production until 9 p. m., June 29. The sulfate storage building is to be rebuilt.

Mrs. Glen Durling of Toledo poses by a picture of the Elliott Sisters' home at Sac Bay which she painted. The painting is at the Post House museum at the corner of Walnut and Cedar St.

Escanaba Jaycee Little League baseball officials are pleased with the balance in this year's program. In the 29 league games played thus far this season, 15 have been decided by only one run. Only two scores have reached double figures.

Joseph Sacchetti, Iron Mountain native and 1961 graduate of Northern Michigan, has been named head basketball, track and cross country coach at Vulcan after serving as assistant coach at Munising the past two years. He succeeds Don Antonetti, also an Iron Mountain native.

Mike Strohl, veteran manager of the Stephenson team in the Wishigan baseball league, will handle the league's all-star team in the annual game against first half champion Peshtigo Saturday at 8:30 p.m. at the Stephenson diamond. Among the players on the all star squad are Ron Sandahl, Loren Johnson, Ken Rasner and Bill Johnson of Stephenson, Jim Desjarlais, Joe Strahl and Fred Lesperance of Daggett and Rog Woods of Wallace.

Reno Pettenuzzo, sensational Canadian softball pitcher chalked up his third no hitter of the season this week in a 10-1 victory over the Air Force Scanners in the Soo International league. Pettenuzzo fanned 16 batters as he recorded his seventh straight triumph.

Hits 24th Home Run

McCovey Is Key Man On Giant Ball Club

By JIM HACKLEMAN
Associated Press Sports Writer

"I don't know where we'd be without him."

That's Al Dark, manager of the San Francisco Giants, speaking of Willie McCovey.

Where the Giants are—with McCovey—is in second place in the National League, and the tall slugger with the quick wrists and awesome power definitely has been their key man.

The left-handed belter who operates at first base or the outfield for the defending league champions again demonstrated his value Thursday night at Philadelphia.

He singled in the sixth inning, stretching his hitting streak to 15 games, then rapped his 24th homer in the eighth for the run that

stood up as the clincher in a 4-3 victory.

The Los Angeles Dodgers stayed four games ahead of the pack capitalizing on a pair of errors and dealing the New York Mets their 12th straight loss, 4-3. It was the fourth victory in a row for the high-flying Dodgers, and the ninth in their last 10 games.

Elsewhere in the NL—Don Cardwell pitched a two-hitter in Pittsburgh's 3-0 shutout of the Houston Colts; Chicago and Cincinnati split a two-nighter, the Cubs erupting for seven runs in the 11th inning of the opener for a 7-0 romp and the Reds taking the second game 7-3 with a four-run eighth; and St. Louis also divided with Milwaukee the Cards winning 6-3 before dropping a 5-3 decision to the Braves.

The Giants had four men put out on the bases in a display of

Old Detroit Habit Results In Setback

CHICAGO (AP) — The Detroit Tigers reverted to an old habit Thursday night — failure to hit — and lost their road trip opener to the Chicago White Sox 6-3.

Even a slugging exhibition by pitcher Hank Aguirre — he batted 1,000 in one-for-one before being knocked out — did no good.

The Sox, scoring all their runs in the third inning on six of their nine hits, coasted in with southpaw Gary Peters limiting Detroit to seven blows after a shaky start.

Aguirre doubled home Detroit's second run in the second inning. But the exertion may have proved too much because he couldn't last past five batters in the Sox third.

The defeat cost Detroit a chance to escape ninth place with the eighth place Kansas City Athletics falling before Cleveland 8-6. Had

the Tigers won, they would have moved into a tie with the A's.

For tonight's second game the Tigers will rely on Don Mossi (4-5) while the White Sox will pitch Juan Pizarro (11-4).

Chicago's six-run third, in which the Sox batted around, included a two-run double by Mike Hershberger and a two-run triple by Jim Landis.

Aguirre, losing his eighth game against seven victories, permitted five men to get on base in the first two innings without being scored on, but lost his shirt in the third.

He filled the bases with none out on two hits and a walk and then fed a double to Hershberger. When Nellie Fox singled, reloading the bases, Aguirre was removed in place of Tom Sturdivant to have pinch-hitter J. C. Martin single home a run, Peters drive in another with a sacrifice fly and Landis chase home another pair with his triple.

After that, the White Sox were harmless but so were the Tigers until the ninth when a walk to Norm Cash and singles by George Thomas and Gus Triandos scored their last run. With two out, Jim Brosnan relieved Peters and forced pinch-hitter Gates Brown to ground out.

Thomas played the entire game in center field for Detroit. He got two of the tigers hits in his four

times at bat. Al Kaline went hitless in three tries.

The Tigers got their first run in the first inning when Dick McAuliffe walked and stole second, going to third on the catcher's bad throw, and Rocky Colavito singled.

Aguirre doubled into right center to score Thomas in the second after the latter had singled.

The Chicago victory was its fourth in five games with Detroit. The teams had not met since mid-May.

Slow Pitch

Escanaba River Post 7, Bay de Noc Tavern 3

An exhibition game will be played Saturday at 6:30 at Ludington Park between Frank and Lila's Tavern of Gladstone and the Bay de Noc Tavern teams.

Jerry Martin Defends Crown In Nahma Open

NAHMA—Jerry Martin of the Highland Golf Club will defend his championship in the third annual Nahma Open golf tournament Sunday. It was announced today by tourney director George LeBrasseur.

LeBrasseur stated that entries will be accepted up to tee time Sunday, either at 9 a. m. or 1:15 p. m. Two shifts will be played this year and the tournament will be completed by 8 p. m., he indicated.

"There is room for additional golfers in both the morning and afternoon shifts," LeBrasseur said.

A team trophy will be awarded for the first time this year.

Pro-Am Golfers Here Saturday

The Escanaba Country Club will be host to a field of up to 110 professional and amateur golfers Saturday in the annual Upper Peninsula Pro-Am tournament.

The 18 hole matches will get under way at 8:30 under the direction of Jim Crichton, pro at the Country Club.

Competition will be in team and individual divisions with the pros from throughout the Upper Peninsula matching strokes against each other and teaming up with their club members for team totals.

There will be scratch and handicap competition and prizes will be awarded the winners in both. The tournament is primarily a team event in which the pro teams up with groups of three amateurs from this club.

Crichton expects 12 or 15 members of the Country Club to enter the tournament. Other clubs that have made advance entry are Highland, Canadian Soo, American Soo, Newberry, Menominee North Shore, Menominee Riverside and Gogebic in Ironwood.

Menominee Riverside is the defending team champion.

Mike Budra, defensive tackle for the Detroit Lions, can pass left-handed and kick left-footed.

Jim Crichton

Mead Explodes In Babe Ruth

Mead Paper defeated Harni Local 632, 9-3 in Babe Ruth League action last night.

Butch LaBay went all the way on the hill, allowing only four hits, six walks and had nine strikeouts. Big gun in the hitting department for Mead was Dick Christensen with a perfect night at the plate, two singles, two doubles and a triple. Jim Boyle banged out a bases loaded double to drive in three runs. Greg Brandt had a single and homer, Eugene Fregetto a single and three walks.

For Harni Jerry Richards and Terry Moore handled the pitching allowing 13 hits, three walks and had four strikeouts.

Saturday a triple header will be held at the Babe Ruth Field with Mead meeting Kiwanis at 10 a. m. At 1 p. m., the Elks tangle with Insurance Assn., and at 3 p. m., the Bankers meet Harnishcfer.

Due to the All Stars playing the Esby Cubs on Monday evening and another game with Hermansville on Tuesday all games in the Babe Ruth program will be cancelled next week. Babe Ruth action will be resumed Monday, July 22.

Two home pros who did well under windy conditions in this year's U. S. Open were Mike Fetchick of Glen Head, N. Y., and Davis Love Jr. of Charlotte, N. C. Both tallied 302 and will be exempt from local qualifying rounds for next year's Open.

Harlem Kings Here Tuesday

Skinny's Bar of the Escanaba American League will play the Harlem Comedy Kings in a softball exhibition game Tuesday, July 16, at 8:30 at Memorial Field.

The Harlem traveling team is one of the top entertaining units in the business and has staged impressive performances throughout the country.

Girls Softball

The State Bank team won their seventh straight game last night as they defeated the Crusaders 10-3 with a six run outburst in the fifth inning.

Carol Terres pitched her first game for the Bankers, allowing only two hits while striking out 14 batters.

Skinny's Shakes Six-Game String

Thursday Results
Skinny's Bar 9, Flat Rock 8
Northern Rebuilders 5, No. 2 Mead 4

Skinny's Bar snapped a six game losing streak by edging Flat Rock 9-8 in nine innings in American League softball action at Memorial Field Thursday night.

In the National League, front running Mead No. 2 suffered a 5-4 setback at the hands of Northern Rebuilders.

The annual City Tournament will be staged next week with league action suspended.

Jim Way was the winning pitcher for Skinny's, Leo Lancour and Ron Smith handled Flat Rock for chucking chores.

Skinny's led 7-6 until Flat Rock knotted it in the top of the sixth.

The Esby Cubs will put their four-game Waubung League victory string on the line Sunday at Powers.

Seeking to regain the league championship which was wrested from them by Menominee last year, the Cubs have made the Waubung first round circuit without a setback, defeating Powers, Gladstone, Manistique and Menominee in that order.

Powers, managed by Tom Lequia, gave the Cubs their toughest battle so far, bowing by a 4-3 edge in the season opener on June 9. Powers, rejoining the league this year after a lapse of several seasons, has lost four straight starts.

In this week's other game, Gladstone hosts Menominee at the Bayshore diamond at 2 Sunday. Coach Don Howes' club broke into the victory column for the first time last week by beating Powers 7-4.

Menominee is in second place in the league race, a game behind the Esby Cubs with a 3-1 record. Manistique, 2-2, is idle this week.

The Waubung schedule will be juggled next week when the 11th district Legion tournament takes place in Escanaba July 17-21. Tournament games take precedence over scheduled league games, by Waubung regulations.

Smith Sets Pace In Twilight Golf

GLADSTONE — Jack Smith's par 35 took individual honors in the Gladstone Golf Club's Twilight League matches this week. Bill Wood fired a 36, Grier Ivory 38 and Jim McCarthy 39.

A tourney among Twilight teams will be held June 17 along with regular matches. Prizes will be awarded low gross and net teams. Players unable to compete must provide substitutes.

Team standings: Ivory 40, Damitz 34, Skellenger 30½, Boydston 29½, McCarthy 29½, Sundelius 28½, LeGault 26, Smith 25, W. Johnson 23, O. Johnson 20½.

Pairings for June 17:
Smith - Boydston
Pat Farrell - Altes
Kelly Howard - Richards
Ning - Ed Miller
W. Johnson - Ivory
Jim Farrell - Richards
Juntunen - Beauchamp
Lloyd Johnson - Tackman
Charles Johnson - McCarthy
Bray - Gibbs
Cochran - Anspaugh
D. Wescott - N. Butler
Dumitz - Sundelius
Schoel - R. Anderson
Vanderhoof - B. Johnson
G. H. Aronson - Hagman
J. C. Miller - Wood
J. H. Aronson - Hagman
J. H. Aronson - Hagman

Ford Wins 14th; Yankees Retain Margin Of Five

By MIKE RATHET
Associated Press Sports Writer

Those American Leaguers who insist Whitley Ford "doesn't have a thing," better keep an eye on the umpire, somebody's murdering 'em.

Ford, 34, left-handed ace of the New York Yankees pitching staff, threw nothing at the Los Angeles Angels Thursday night and came away with a 3-2 victory in 10 innings, his 10th in a row and No. 14 this season.

To many AL observers Ford has lost some of his stuff, and is using his head instead of his arm to outwit the batters. Head or arm, Ford had it again against the Angels, turning aside threat after threat as Los Angeles cracked 11 hits and scored only a pair of unearned runs.

Ford's 14th kept the Yankees five games ahead of the second-place Chicago White Sox, who turned a six-run third inning into a 6-3 victory over Detroit.

Sox Edge Twins

Third-place Boston edged Minnesota 2-0 behind Bill Monbouquette's three-hit pitching. Balmore ended a Washington winning streak at seven games with a 7-4 triumph and Cleveland made the most of John Wyatt's wildness for an 8-6 decision over Kansas City.

The Yankees playing without Mickey Mantle and Roger Maris, got a two-run homer from Hector Lopez in the sixth inning that tied the score, then won in the 10th when Joe Peptone doubled and Elston Howard followed with a single. That tagged the defeat on Julio Navarro, 4-3. An error by Lopez and a passed ball by Howard allowed the Angels to score two unearned fourth inning runs against Ford, who needed Hal Reniff's last inning relief help.

The White Sox batted around in the third, chasing Hank Aguirre, 7-8. The key blows were a two-run homer from Hector Lopez in the sixth inning that tied the score, then won in the 10th when Joe Peptone doubled and Elston Howard followed with a single. That tagged the defeat on Julio Navarro, 4-3. An error by Lopez and a passed ball by Howard allowed the Angels to score two unearned fourth inning runs against Ford, who needed Hal Reniff's last inning relief help.

Sport Shorties

Winds between 25 and 40 mph resulted in high scores during the final two rounds of this year's U. S. Open. Third round scores went from two over par 73 to a 91. Final round scores went from 72 to 85.

Ted Makalena came all the way from Honolulu to play in the U. S. Open near Boston. He scores 305 to tie for 27th place. His best 18 was a first-round 75.

Michigan State and Michigan first played baseball as rivals in 1894. Michigan won that year 13-3.

run double by Mike Hershberger and Jim Landis' two-run triple. Gary Peters, touched for single runs in the first and second, settled down until two were out in the ninth when Jim Brosnan had to get the final out. Peters is 6-5.

Senators Blow Lead

Monbouquette posted his first shutout of the season and brought his record to 12-6 by besting the Twins' Dick Stigman, 7-9. Stigman allowed only four hits in the eight innings he worked, but two were homers—by Bob Tolan and Ed Bressoud. The loss was the Twins' eighth in nine games.

The Senators were leading 3-0 with Tom Cheney working on a two-hitter when the Washington starter had to leave with pains in his right elbow. The Orioles immediately went to work, rushing six runs in the seventh inning to put it away.

Wyatt, who's been troubled by wildness recently, waled Larry Brown to force in the tie-breaking run in the eighth inning, then wild pitched another across. The Indians had drawn even earlier in the inning on singles by Dick Howser and Al Lelapow and Jose Azcue's pinch-hit double. Willie Kirkland homered for Cleveland while George Alusik, Ken Harrelson and Doc Edwards connected for the A's.

Yesterday's Stars

By The Associated Press

PITCHING — Billy Monbouquette, Red Sox, posted first shutout of season, limiting Minnesota to three hits in 2-0 triumph, striking out eight, walking one and allowing only one runner to reach second base.

BATTING — Willie McCovey, Giants, hit 24th homer, in eighth inning, for run that proved decisive in 4-3 triumph over Philadelphia.

Michigan Will Stage First Pro Title Bout In 12 Years

DETROIT (AP) — Michigan's first championship fight in 12 years will be fought perhaps under the strangest conditions of any title bout in boxing history.

Suppose on the night of Aug. 19 at Saginaw, Kenny Lane is pummeling Paul Armstead in a corner and has him on the verge of a knockout at 1:32 of the fifth round. Eight seconds later the bell will end the two-minute round and Armstead will have 90 seconds to revive for the sixth round.

There'll be no waiver of Michigan's strict new rules, aimed at boxing safety, for the Lane-Armstead lightweight 15-rounder, State Boxing Commissioner Dave Gudelsky told The Associated Press Thursday by telephone from Muskegon.

"They'll be in effect for all boxing in the state whether or not the fight's for the championship," Gudelsky said. "It'll be a little different than fights in the past."

That means:
1. Rounds will last two minutes instead of the usual three, still the duration in other states.

2. The interval between rounds will be 1½ minutes, not the one-minute rest period most common in boxing.

3. Lane and Armstead will wear puffer eight-ounce gloves, not the hard six-ounce mittens used in many championship fights.

4. The ring will be encircled by four ropes to protect a falling boxer's head, not the three strands in rings most other places.

5. The fight will progress on a know-as-you-go system with Lane, Armstead and the fans in Saginaw's Veterans Memorial Park learning the winner of each round right after it ends.

Making the fight even more unusual is the recognition—or lack of it—it has as a championship bout. Right now only Michigan, which has withdrawn from the World Boxing Association, has sanctioned it as a championship fight.

Lane, from Muskegon, is the WBA's No. 1-ranked contender with Armstead of Los Angeles No. 2. There hasn't been a champion-

ship fight in Michigan since Ezzard Charles defended the heavyweight crown with a victory over Joe Walcott in Detroit's Olympia March 7, 1951.

The new Michigan rules were enacted as a result of the deaths of beaten champions Benny (Kid) Paret and Dave Moore in the last 16 months.

Gudelsky said the safety regulations were needed mainly because training for fights has changed since the day of Jack Dempsey.

"The fighters don't train as hard these days," Gudelsky said, "they have automobiles and things like that. As a result, they reach a point of fatigue."

Gudelsky is hopeful the WBA comes around and recognizes along with Michigan the Lane-Armstead winner as the world lightweight champion. The WBA recently stripped Carlos Ortiz of the title and declared the crown vacant. But later there were conflicting versions on the status of the lightweight division among various WBA officials.

For Little or No Money Down, You Can Own a Beautiful Custom-Built

CAPPHOME

GUARANTEED PRICES FROM \$3889 FREIGHT PAID ANYWHERE

INCLUDES ALL HEAVY CONSTRUCTION DONE RIGHT ON YOUR LOT... WITH ALL BUILDING MATERIALS TO COMPLETE YOUR HOME INSIDE AND OUT!

Capp-Homes delivers, erects your home and furnishes:
• Your choice of lap siding or prefinished shakes (aluminum slightly extra)

NEWBERRY

Those working on the Drive for Funds to finance the summer Luce County recreational program are, left to right: Clyde Jago of the Junior Jaycees, Edwin Aho, Carl Simi, Coach Art Allen and Jack Derusha. They hope to get over \$1,000 by Sunday.

Retirement Plan Is Needed Early

"It is extremely important that today's family plan finances intelligently before retirement of the breadwinner," advises R. T. Hartwig, Michigan State University Extension economist of Marquette.

The 1959 money income of Upper Peninsula husband-wife families, with the head 65 and over was about \$2,300. On the basis of a moderate to liberal plan for two elderly people as set up by the U. S. Department of Agriculture food would cost about \$18 to \$20 a week. This leaves the elderly couple - after food expense - about \$1,300 per year to pay for: fuel, clothing, housing, utilities, medical and dental expenses, auto

expenses or transportation, personal expenses, contributions or gifts, reading and recreation, insurance and miscellaneous.

The incomes of similar elderly families for the entire state of Michigan was \$3,140 in 1959, compared to the \$2,300 in the Upper Peninsula. Other than Michigan, there were only 16 states having incomes between \$3,000 to \$4,000. Incomes of elderly families in 22 states fell between \$2,000 and \$3,000.

There are about 11.5 per cent of the people in the Upper Peninsula in the classification 65 years and over. The percentage by counties varies from 7.5 per cent in Chippewa to 14.3 per cent in Houghton County.

The population of our Upper Peninsula counties with people 65 and over is as follows (as a per cent of total population as of April 1, 1960):

Alger	10.9 per cent
Baraga	11.5 per cent
Chippewa	7.5 per cent
Delta	11.0 per cent
Dickinson	13.5 per cent
Gogebie	13.7 per cent
Houghton	14.3 per cent
Iron	13.3 per cent
Keweenaw	13.8 per cent
Luce	12.7 per cent
Mackinac	8.9 per cent
Marquette	8.9 per cent
Ontonagon	10.7 per cent
Schoolcraft	10.9 per cent

U. P. Average .. 11.5 per cent
The median income of families in Michigan for 1960 (based on income for the year 1959) was \$6,256 or about double the income of elderly families.

The median income of families in the Upper Peninsula averaged \$4,674 the same year which was also double the income for families with the head 65 and over.

"With people living longer and the expectation of one per cent to two per cent increase in prices each year due to inflation for the future, it becomes most important to do some intelligent planning—before you retire—if you want your retirement years to be happy ones," concludes Hartwig.

Recreation Group Is Sponsoring Donkey Baseball

Donkey baseball will be played on the Newberry Athletic Field Sunday, July 14 at 7 p. m. with the proceeds going to the Newberry community recreation program. The Tahquamenon Jaycees have obtained the services of the nationally known Crosby Donkey Ball Club of Chippewa Falls, Wis.

Local riders will be used for the exhibition. Managing the challengers will be Art Allen local High School coach, in the line-up will be Jake Dunlap, Duke Duquette, Fred Hunter, Ray Knauf, John Burbach, Ray Norkoli, Francis Walters, Bruno Maki, John Quinn, Bob Rossin and Stan Wisniewski. Allen states his line-up is not complete, as he is signing a few bonus babies.

Clyde Jago will manage the Tahquamenon Jaycees and will start a team with Jim Beaudin, Paul Rhode, Jack Derusha, Art Teske, Charles Bouchard, Maurice Creeger, Paul Dake, Harold Disshaw, Elmer Hetrick, Norman Sharp, George Stratton, Ron Derusha, Gus Swanson and Francis Stephenson.

The public is invited to attend.

Mr. and Mrs. George Burby of Saginaw were visitors recently of the Charles Kukuku of the River Road.

Ionian Man Fires At State Police In His Driveway

IONIA (AP)—William Ruid, 65, was held at Ionia County Jail today on a charge of felonious assault.

Troopers Darrell Hasler and Ronald Gowin of the Ionia state police post said he fired once with a shotgun at their cruiser as it entered his driveway Thursday night.

The troopers said they subdued him as he sought to reload. Hasler and Gowin were sent to the Ruid home after he called to ask an investigation of "gambling" in a home near his.

Ruid told police he fired on the troopers because they "took too long to get there."

City Workers Push Pay Hike Question

Escanaba city employees through their union representatives continue efforts toward upward adjustment of their salaries, after failing to gain a raise when the Council approved the budget for the fiscal year that began July 1.

For the first time in many years the Council did not grant a pay raise, deciding to hold the line against increased taxes. The city tax rate for this year is \$12.50 per \$1,000 assessed valuation, unchanged from a year ago.

City Manager George Harvey reviewed the situation for the City Council and said that studies are now under way with a report to be presented to the Council, perhaps at the first meeting in August.

Most unusual aspect of the situation is the continuing discussions on a subject that is usually closed after adoption of the budget.

Pay Boost Asked
The Municipal Employees among other requests want the city to assume "the major medical insurance now carried on a voluntary basis by the employee, and a shift differential for those who work after 6 o'clock in the evening."

City Manager Harvey said. Also presented was a request that 50 per cent of the accumulated sick leave be paid upon retirement or honorable separation from city employment.

"We have involved in shift differential a total of 43,340 man hours in one year, which excludes the Firemen," the manager reported. "The Union representative asked for a 5 cents an hour differential."

Meetings have been held with representative of electrical department employees, who "reiterated their request for a 9 per cent increase, for a change in the vacation schedule to four weeks after 25 years and three weeks after 10 years," the city manager said.

Amendments Rare
"They also requested 50 per cent pay for unused sick leave, and further requested that the city assume the hospitalization cost not only for the employees as we go at present, but for the employee's dependents as well," City Manager Harvey reported.

Cost figures involved in consideration of the requests are being assembled. "When this information is available it will be passed on to all interested parties and then we will be in a better position to make further decisions," Harvey advised the Council.

Since the tax rates, utilities rates, and the budget have been established for the year, the only way changes could not be made is by amendment of the appropriations ordinance, the manager pointed out. Such amendments are infrequent and in the past have been only to meet operating and capital improvement emergencies.

Golden Jubilee For Rev. Schaul Planned July 21
OSHKOSH, Wis. — The coveted milestone of fifty years in the Priesthood will be observed by Rev. Joseph Schaul, retired priest of the Marquette Diocese, at a 9:30 a.m. Mass at Alexian Brothers Home, Sunday, July 21. Father Schaul has resided with the Alexian Brothers for the past eight years.

Born Nov. 14, 1886, in Houghton, Rev. Schaul studied for the Priesthood at St. Lawrence College, Mt. Calvary, Wis., and the Grand Seminary, Quebec, Canada. He was ordained on August 20, 1913, in his home parish of St. Ignatius Loyola, Houghton, by Bishop Eis.

Following his ordination and a three-year appointment as assistant at St. Ignatius Loyola, Houghton, he served parishes at St. Charles, Rapid River, St. Francis Xavier, Spalding; All Saints; Gladstone; Epiphany, Menominee; St. Mary's, Gastonia; and Holy Trinity, Birch Creek.

Rev. Schaul also served as chaplain at St. Joseph's Hospital, Hancock, and at St. Francis Hospital, Escanaba, during his years of service in the Diocese.

Suzanne Emerson In Workshop Play

MARQUETTE — "The importance of Being Earnest," a trivial comedy for serious people by Oscar Wilde, will be presented by the Northern Michigan University Theater Workshop class under the direction of Dr. James Rapoport July 24, 25 and 26 in Kaye Gymnasium at 8:15 p. m.

Members of the cast will include Suzanne Emerson as the Hon. Gwendolen Fairfax. A graduate of Escanaba Area High School, Suzanne is a junior at Northern majoring in speech. Her stage credits include "Guys and Dolls."

Wayne H. Anderson, air controller third class, USN, son of Mr. and Mrs. Harold E. Anderson of 629 S. 16th St., Escanaba recently reported for duty at the Naval Auxiliary Air Station, Meridian, Miss. The air station is the newest and most modern installation of its kind in the United States and is dedicated to the training of future Naval aviators. A graduate of Escanaba Senior High School, Anderson entered the service in June 1956.

Pipeline Planned To Bring Natural Gas To Peninsula

(Continued From Page 1)

a permit to serve the U. P. under terms which it rejected and it didn't build a pipe line north from Menominee, where the pipe line of the Michigan - Wisconsin Pipe Line Co., ends. Michigan Consolidated Gas Co., which had contested with MG&E before the FPC for the U. P. permit, tried to put together a pipe line project but has been unable to do so thus far.

Ordinarily gas pipe line companies have enough domestic load to support their operations and count industrial loads as bonus. In the U. P., because of sparse population, the industrial load would be essential and the domestic load a bonus. The industrial load would depend heavily upon the iron mining industry, now heavily committed to beneficiation and pelletizing of ores. But the uncertainties of the industry's future and the competition of low priced fuels have prevented iron industry commitments on gas which would assure amortization of pipe line costs.

Instead of bringing gas into the U. P., from Menominee on the south, Northern Natural's proposal would bring it in from the west. It now serves the Duluth area.

Woods In State Are Tinder Dry

By The Associated Press
Michigan's tinder dry forests now carry fire hazard labels from Muskegon to the eastern Upper Peninsula.

Parched farm lands have led Genesee and Saginaw County officials to ask for agriculture disaster area status.

Another effect of the hot, dry weather was the appearance Thursday of whirlwinds called "dust devils."

One apparent "dust devil" ripped a 24-by-14-foot roof off a building at Lawton Produce Co. in Van Buren County, throwing it 40 feet.

Special fire watches by airplanes have been started in the Sault Ste. Marie area, where the "burning index" jumped from a "very high" 45 this week to an "explosive" 60. The index is based on temperature and humidity.

The Conservation Department said the western half of the Lower and the northern part of the Lower Peninsula have an "extreme fire hazard."

Both state and federal crews rushed to a small blaze in Chippewa County in eastern Upper Michigan Thursday to prevent its spread.

Gifts Arriving At White House For Kennedy Baby

WASHINGTON (AP) — Many Americans already are sending gifts and good wishes to Mrs. John F. Kennedy, who is expecting a third baby in late August. Baby booties, bibs, bunnies, sweaters and handmade quilts are often included in the daily mail at the White House, along with notes from many parts of the world.

A White House spokesman says the letters even include offers to help take care of the new baby. And, the mail also brings name suggestions and requests to be godparents.

Little girls hope it will be a girl; boys vote for a boy.

Some letter writers urge Mrs. Kennedy to have her new baby born in the White House itself. But she and the President, on advice of physicians, already have ruled that out and Mrs. Kennedy has a date the last week in August at Walter Reed Army Hospital here for a Caesarean delivery.

Buy And Sell The Classified Way

Mr. and Mrs. William Trudell

William Trudells Of Perkins Mark 60th Anniversary

PERKINS—Mr. and Mrs. William Trudell celebrated their 60th wedding anniversary with a High Mass of Thanksgiving at St. Joseph Church in Perkins with the Rev. Emmet Norden as celebrant. The music of the Mass was sung by Mrs. Gerard Depuydt and Mrs. Ray LeClaire with Miss Eunice Peterson as organist.

Following the Mass the immediate family and relatives attended a dinner at Jack's Restaurant in Rapid River. Friends and relatives gathered at the family home in the afternoon where the anniversary cake and coffee were served.

The Trudells were married in Perkins by Father Sullivan in St. Joseph's Church, which at that time was a small church located about a mile south of Perkins. Mrs. Trudell is the former Alice Dugas. Her brother the late Elmer Dugas, and the late Carrie LeClaire and her sister, Mrs. Emmaline Miron, and the late Phillip LeClaire were attendants. They have one daughter, Mrs. Fred (Mae) Krouth and one son, Arnold Trudell, of Crystal Falls.

We Will CLOSE Saturdays at 1:00 P.M. July and August Only HAWES Paint & Floor Covering 920 Ludington St.
